Aprašymas

Connects two LC-based fiber optic cables reliably– ideal for structured fiber optic cabling
Snap-in (keystone) format– fast and flexible installation in standardized carrier modules
Compatible with PC, UPC and APC slots– for universal application possibilities
Ceramic ferrule– for precise alignment and minimal insertion damping
Single-mode capable– ideal for long-distance connections and high data rates

The InLine® fiber optic keystone snap-in coupler was specially developed for the simple and secure connection of two LC-based fiber optic cables. Thanks to the compact keystone design, the coupler can be seamlessly integrated into patch panels, wall outlets or floor tank solutions. The white housing with a green interior indicates single-mode suitability and ensures clear differentiation during installation.The precise ceramic sleeve enables exact centering of the fiber ends, ensuring reliable signal transmission with low loss. The coupler supports all common cut types (PC, UPC, APC) and is therefore particularly versatile in professional applications - from router cabling to data centers and industrial networks. **Additional technical specifications:**

Color: White with green inner housing
Design: Keystone snap-in
Connectors: Duplex LC socket on both sides
Fiber type: Singlemode
Socket: ceramic

Compatibility: PC, UPC, APC

Techninė specifikacija

Features	
Product colour	Green, White
Weight & dimensions	
Width	18 mm
Depth	35 mm
Height	21 mm
Weight	4 g
Packaging data	
Quantity per pack	1 pc(s)
Package width	45 mm
Package depth	35 mm
Package height	20 mm
Package volume	100 cm³
Package weight	6 g
Package type	Polybag
Logistics data	
Country of origin	Germany
