Aprašymas

Anti-reflective? Yes! Anti-blue light? Yes! Cooling and heat dissipation? Yes! Scratch and shock-resistant? Yes! This new screen protector from PanzerGlass® takes eye and phone protection to the next level. It minimizes reflections from the sun and artificial lighting, so you can always see what’s on your screen, and reduces the strong blue light which can cause eye strain and fatigue. It even dissipates heat to keep your hot phone cool when the sun is burning. And if you’re worried about fingerprint readability, you can rest easy: The screen protector ensures 100% compatibility with your screen’s ultrasonic fingerprint reader, so you can be sure that your phone unlocks smoothly every.

And the screen protection? It’s outstanding! With high-level scratch resistance and groundbreaking drop protection the screen protector shields your screen from the hazards of everyday life, prolonging the lifetime of your phone and reducing the need for early replacement. This is one way of working toward a more sustainable future. Another is to use less packaging: In 2024, we reduced the amount of paper in our PanzerGlass® core product packaging design by an average of 66%.* And of course, this product comes in recyclable FSC™-certified box.

The enclosed EasyAligner made of 100% recycled plastic makes installation a piece of cake (seriously!). To make it even easier, we’ve included step-by-step instructions as well as a QR code for quick access to our online how-to video. And remember: Once installed, you’ll never again fear your phone falling screen-first. This might not happen, but then again … it might!

The screen protector is Ultra-Wide Fit. This means it covers the front surface of your phone, providing a complete view of your screen while leaving a little room around the edges for a PanzerGlass® case, for example, a fearlessly fashionable case from CARE by PanzerGlass®. And if you’re thinking: “What if my camera lenses get scratched?” Well, help is just a few clicks away: Combine your screen protector and case with PanzerGlass® PicturePerfect or HoopsTM.

*Reduction from 2022-2024 measured by comparing selected products from the PanzerGlass® core range.
