Pagrindinės savybės

- ✓ Striking sound. Retro looks
- ✓ 280 W Max (140 W RMS)
- ✓ Up to 24 hours of play time
- ✓ IP67 dustproof/waterproof

Aprašymas

The Tube

Bold shapes. Retro colours. Modern power. The Tube brings an 80s icon back to life with richer, wider stereo sound and seamless connectivity. From house jams to street parties, turn it up and let the music spread.

An 80s icon, reinvented

Beneath The Tube's iconic form is a 2 way stereo system that delivers 280 W max (140 W RMS) of power and a wider, more immersive soundstage. If the party moves outside, you can turn on Moving Sound to give the bass more punch and keep the sound clear in the open air.

New-school acoustics. Active 2 way stereo system

Dual 5" drivers, dedicated tweeters and an active crossover all work together to separate the highs and lows with precision. Twin passive radiators deepen the bass. The result? True stereo sound with powerful depth and crisp, clean detail.

Bluetooth® multipoint connectivity and USB audio

Bluetooth® 6.0 lets you stream without annoying dips in the sound, and you can connect The Tube to two devices at once. You can also plug an external device into the USB-C port and listen to music that way.

Auracast™ for multi-speaker setups

If you're hosting a party or you just want even bigger sound, you can use Auracast™ to broadcast music from The Tube to as many compatible speakers as you like. The LC3 codec is supported for better sound, and setup is simple via our companion app.

Built for the long play

The rechargeable lithium-ion battery gives you up to 24 hours of playtime and can be swapped out easily at the end of its lifespan. A quick 15 minute charge will get you up to 3.5 hours of tunes, and a full recharge takes around 3 hours. If your phone's running low, you can plug it into The Tube's built-in power bank to keep those playlists coming.

Made to move with IP67 dustproof/waterproof protection

With an IP67 dustproof and waterproof rating, plus a built-in carry handle and removable shoulder strap, The Tube is built to get down anywhere. Grab the handle for that iconic 80s carry or sling it over your shoulder for hands-free swagger.

Clear colour display with retro animations

Even the display knows how to groove. Watch cassettes spin, vinyl turn and equalizer bars bounce, or pick out a retro wallpaper. Essential controls and track info remain visible, and you change things up or adjust the display's brightness via a physical button or our companion app.

LED light rings dance to the music or set the mood

Party in turquoise and pink, or let a soft white glow keep things mellow. Finely tuned LED light rings sync to the beat, and you can easily switch modes to match the vibe. Neon Stage, Crowd Pulse, Arcade Glitch, Bassline — the choice is yours.

Philips Entertainment app. Smart control for The Tube

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

You can use our companion app to turn on Moving Sound for outdoor play, select animations or wallpaper for the colour display, update firmware and more. Plus, the app makes it simple to connect to other speakers via Auracast™.

GRS-certified recycled plastic. Responsible packaging

We use post-consumer recycled plastics in our products, and our packaging is made from FSC-certified recycled carboard with inserts printed on recycled paper.

Techninė specifikacija

Loudspeakers	
Speaker type	2-way
Number of tweeter drivers	2
Tweeter diameter	2 cm
Number of woofer drivers	2
Woofer diameter (imperial)	13.3 cm (5.25")
Audio	
RMS rated power	140 W
Frequency range	50 - 20000 Hz
Impedance	4 Ω
Peak Music Power Output (PMPO)	280 W
Ports & interfaces	
Connectivity technology	Wireless
Wi-Fi	No
Bluetooth	Yes
3.5 mm connector	No
AUX in	No
