Pagrindinės savybės

- ✓ Earbuds without ear tips
- ✓ Natural sound. Dynamic bass
- ✓ Pocket-sized charging case
- ✓ Clear calls

Aprašymas

Feel the music, not the earbuds

With no ear tips and a super-small charging case, these lightweight earbuds will let you rock your sounds in real comfort wherever you go. Dynamic Bass gives you deeper bass at low volumes, and the touch controls can be customised.

Small, comfy earbuds. No ear tips, no pressure

If you don't like the feeling of ear tips in your ear canal, these true wireless earbuds are for you! Each earbud sits in your outer ear, and the slender stems keep them secure. With no ear tips going into your ear canal, there's no sensation of pressure even during longer listening sessions.

Great sound even at low volume with Dynamic Bass

These true wireless earbuds might be small, but you won't need to turn up the volume to get the best sound out of their 13 mm drivers. Activate Dynamic Bass via the left earbud or the Philips Headphones app, and you can enjoy the full power of your favourite basslines even if listening quietly.

Clear calls. They'll hear what you're saying

When you're on a call, your voice will come through loud and clear! Two beamforming mics accurately pick up the sound of your voice while a noise reduction algorithm quietens some of the background noise from the world around you. You can take calls via the touch controls on either earbud.

Up to 28 hours of play time. Pocket-size charging case

You get 7 hours play time from a full charge and an extra 21 hours from the case. If you need a quick boost, pop the earbuds back in the case for just 15 minutes and you'll get an extra hour. It takes 2 hours to recharge the earbuds fully, and the case can be charged via USB-C.

Philips Headphones app. Customise earbud touch controls

You can use the Philips Headphones app to manage which devices you're connected to or find a missing earbud! You can also allocate the touch controls for playing, pausing, skipping tracks and adjusting the volume to the left or right earbud: super-handy if you're using mono mode to listen through just one earbud while the other one charges.

IPX4 splash and sweat resistant

With an IPX4 rating, these true wireless earbuds are fully splash resistant. They won't mind a little sweat and you don't need to worry about getting caught in the rain.

Solid Bluetooth multipoint connection

Advanced Bluetooth connectivity gives you a more stable connection for seamless streaming, and you can connect to two Bluetooth devices (iOS or Android) at the same time. Enjoy that playlist or listen uninterrupted to your favourite podcast without annoying dips in the sound.

Warm, natural sound. Philips sound signature

From music to podcasts, you'll love what you hear! These true wireless earbuds feature large 13 mm drivers, tuned to the Philips sound signature. Whatever you're into, you'll enjoy a warm, natural sound with deep bass.

Techninė specifikacija

Performance	
Product type	Headset
Wearing style	In-ear

Recommended usage	Calls/Music
Headset type	Binaural
Product colour	Black
Control type	Touch
Protection features	Splash proof, Sweat resistant
International Protection (IP) code	IPX4
