Pagrindinės savybės

- ✓ Add a Panel-Mounted USB 5Gbps Port: Extend a USB 5Gbps connection by 2m (6.6ft) with a panel mount USB-A female port, enabling clean integration into faceplates, rackmount panels, and workstations for easy external access
- ✓ Secure, Screw-Mounted Connector Design: Female USB-A port features integrated mounting flanges with screws, ensuring a stable, fixed connection point in high-use or vibration-prone environments; Flexible TPE jacket withstands tight bends and is RoHS compliant
- ✓ Maintain USB 5Gbps Performance: Ensure full USB 5Gbps (USB 3.0/3.2) throughput and 15W charging to connected peripherals such as external storage, capture devices, cameras, and USB network adapters
- ✓ Improve Access and Reduce Port Wear: Relocate frequently used USB-A ports to a convenient panel location, minimizing strain on host device ports and and simplifying port layouts; Ideal for public kiosks or meeting rooms with controlled USB access
- ✓ The IT Pro's Choice: Our USB extension cables are engineered to deliver consistent performance in professional environments and are tested for lasting reliability on critical components; Backed by free lifetime 24/5 multilingual technical assistance

Aprašymas

Add an external panel mount USB 5Gbps connection to a workstation or faceplate

This panel mount USB-A to USB-A extension cable lets you reposition a USB 5Gbps (USB 3.0/3.2 Gen 1) port for easier access and cleaner system layouts. With a flexible TPE jacket and a screw-mounted female connector, it is designed for secure installation in panels, enclosures, and workstations.

Designed for Fixed Installations

The USB-A female panel-mount connector includes integrated mounting flanges with screws to keep the port firmly in place in vibration-prone or high-use environments. This provides a consistent and accessible connection point for peripherals without requiring access to the back of a system.

Reduce Port Wear and Simplify Access

By relocating frequently used USB ports to a fixed panel, the Panel Mount USB Cable helps reduce repeated strain on host ports. This makes it well suited for public-facing systems such as kiosks or shared workstations, as well as meeting rooms where controlled USB access is required.

Techninė specifikacija

Features	
USB version	USB 3.2 Gen 1 (3.1 Gen 1)
Connector 1	USB A
Connector 2	USB A
Connector 1 gender	Male
Connector 2 gender	Female
Product colour	Black
Connector 1 form factor	Straight
Connector 2 form factor	Straight
AWG wire size	24/28
Maximum data transfer rate	5 Gbit/s
Cable type	Round cable
Weight & dimensions	
Cable length	2 m
Cable diameter	5.5 mm
Weight	91.7 g
Packaging data	
Package width	190 mm
Package depth	110 mm
Package height	23 mm

Package weight	123 g
Packaging content	
Quantity per pack	1 pc(s)
Operational conditions	
Operating temperature (T-T)	0 - 40 °C
Storage temperature (T-T)	-20 - 70 °C
Certificates	
Compliance certificates	CE, RoHS
Logistics data	
Products per master (outer) case	40 pc(s)
Master (outer) case width	410 mm
Master (outer) case length	275 mm
Master (outer) case height	265 mm
Matmenys ir svoris	
Matmenys (I × P × A)	19,00cm × 12,00cm × 3,00cm
Svoris	0,12kg
