Aprašymas

FREEWELL Case for iPhone 18 Pro with 17 mm Mount

The FREEWELL case for iPhone 18 Pro is a practical solution for those who want to expand their smartphone’s photography and video capabilities. It features a magnetic mount for Freewell Sherpa filters, a 17 mm thread for attaching compatible lenses, and a dedicated Camera Control button. The case also supports MagSafe technology, and its lightweight construction made of durable Kevlar protects your phone without unnecessarily increasing its size.

Magnetic Mounting for Filters and Additional Lenses

The integrated magnetic mount allows for quick attachment of Freewell Sherpa filters, so you can easily adjust light, contrast, and visual effects to suit your shooting conditions. The precise 17 mm thread also allows you to use compatible mobile lenses, which expand your framing options and help you capture a variety of shots. This is a convenient solution for both photography and video recording.

Convenient Camera Control and MagSafe Compatibility

The case features a dedicated Camera Control button that lets you conveniently use the iPhone 18 Pro’s camera controls. This allows you to focus on taking photos and recording videos. Compatibility with MagSafe technology, meanwhile, allows you to use compatible magnetic accessories without having to remove the case.

Lightweight and durable Kevlar construction

The case is made of high-quality Kevlar, which combines light weight with high durability. The material helps protect your smartphone during everyday use, and the slim design ensures the device remains comfortable to hold. The FREEWELL case is therefore ideal not only for protecting the iPhone 18 Pro but also as a practical base for expanding your mobile photography and videography setup.
