Pagrindinės savybės

- ✓ HDMI SIGNAL BOOSTER: Combine two standard-length HDMI cables into an extra-long cable supporting up to 4K 60Hz at a max total cable length of 45ft (14m), with 22.5ft (7m) from source to repeater, and 22.5ft (7m) from repeater to display
- ✓ 4K RESOLUTION SUPPORT: Enjoy astonishing picture quality with support for 4K 60Hz at up to 45 ft. away from your video source; Supports lower resolutions at greater distances such as 1080p at 164ft (50m)
- ✓ AUDIO SUPPORT: This HDMI inline repeater supports 7.1 surround sound audio for an complete AV solution
- ✓ SMALL FOOTPRINT: Designed to be compact, this HDMI amplifier is easy to setup and can be hidden away for a discreet installation, making it versatile for installation in a variety of environments
- ✓ TECHNICAL SPECIFICATIONS: HDMI 2.0 Extender, signal amplifier; Max. Resoution 4K@60Hz; HDCP 2.2; 4:4:4 Chroma subsampling; 7.1ch HDMI surround sound audio; 18Gbps Bandwidth

Aprašymas

HDMI® Inline Repeater & Amplifier | USB Powered | 7.1 Audio Support | YUV 4:4:4

Use this 4K HDMI® signal booster to amplify your HDMI signal and extend it 45 ft. (14 m) using HDMI cabling.

Maintains Ultra HD 4K Video

When you're extending HDMI over distances using standard video cabling, higher resolutions from your HDMI 2.0 devices can become unavailable after a few short feet. With this signal extender you can ensure that HDMI 2.0 resolutions up to UHD 4K at 60Hz are available even at distances up to 45 ft. (14 m). You can achieve even longer distances at lower refresh rates - up to 4K at 30Hz, at up to 100 ft. (30 m).

The signal booster works by connecting two HDMI certified cables, each up to 22.5 ft. (7 m) in length, to either side of the signal booster.

Hassle-Free Installation

With its compact design, the HDMI signal amplifier is easy to hide, for a discreet installation. By extending your video signal using HDMI certified cables, the inline booster is a cost-effective alternative to more expensive extension systems that require the installation of a CAT5 or CAT6 cabling infrastructure.

Supports Several Distances

Support for a variety of extension distances makes the 4K repeater perfect for multi-device deployment across large institutions, such as boardrooms in corporate offices, classrooms in schools, or waiting rooms in hospitals, as these applications may require varied distances in different rooms.

Note: To achieve resolutions up to 4K 60Hz, your video source, display and cabling must support HDMI 2.0.

Techninė specifikacija

Features	
Type	AV repeater
Maximum resolution	3840 x 2160 pixels
Maximum transfer distance	14 m
Maximum refresh rate	60 Hz
Audio output channels	7.1 channels
Bandwidth	18 Gbit/s
HDCP	Yes
Material	Plastic
Rack mounting	No
Daisy chain	No
HDCP version	2.2
Product colour	Black
Certification	REACH, CE, FCC
Ports & interfaces	
HDMI in	1
Number of HDMI outputs	1
HDMI version	2
USB ports quantity	1

USB connector type	Micro-USB B
Power	
Power consumption (typical)	2.5 W
USB powered	Yes
Operational conditions	
Operating temperature (T-T)	0 - 70 °C
Storage temperature (T-T)	-10 - 80 °C
Operating relative humidity (H-H)	5 - 90%
Weight & dimensions	
Width	52 mm
Depth	28.5 mm
Height	13.7 mm
Weight	15 g
Packaging data	
Package width	143 mm
Package depth	174 mm
Package height	33 mm
Package weight	113 g
Packaging content	
Cables included	USB
Quick start guide	Yes
Technical details	
Compliance certificates	RoHS
Logistics data	
Master (outer) case width	541 mm
Master (outer) case length	550 mm
Master (outer) case height	338 mm
Products per master (outer) case	100 pc(s)
Matmenys ir svoris	
Matmenys (I × P × A)	17,00cm × 14,00cm × 3,00cm
