Pagrindinės savybės

- ✓ No Setup: no apps, drivers, or network required
- ✓ BYOD Collaboration Solutions: share wirelessly from your device
- ✓ Zero Latency: smooth 4K/60fps video playback and touch control support
- ✓ Secure Connection: CVSS 4.0 certified encryption
- ✓ Easy Management: swappable plugs and Cloud management

Aprašymas

Driver-Free BYOD Screen Mirroring from Huddling to Large Rooms

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

Launch Wireless Presentations Instantly for Interactive Collaboration

InstaShow enables instant plug-and-play wireless presentations—no apps, drivers, or network setup required. Presenters—even guests—can access professional-grade presentations with a tap.

No Driver Needed

No drivers needed—just plug in and join online meeting instantly.

*Supports Windows, macOS, Linux, or ChromeOS systems.

No App Download Required

No software or app required—just plug in and instantly share content during your meeting.

No Network Setup Required

No complex network setup or IT help needed. Receiver and Button pair automatically—just plug and play to start presenting instantly.

Support BYOD Collaboration Solutions

Share wirelessly from your own device with leading screen-mirroring apps*. Join cable-free BYOD meetings with multiple participants anywhere.

*Mirrors from your phone or tablet, find the receiver’s SSID in your device’s Wi-Fi settings, then connect and cast via wireless screen mirroring technologies from AppleOS / Android / Windows devices.

4-Way Split Screen

Up to 4 presenters can share ideas on one screen. Works with Windows, Mac, Chrome, and Linux—perfect for fast, efficient multitasking.

Guest-Friendly Design

Guests can present instantly via HDMI or USB-C—no app or login required. Securely share from any laptop, including MacBook and Chromebook, keeping meetings on track.

3 Steps for One-Time Wireless Presentation Setup

Set up once—no need to rebuild for every meeting. Save time, cut support, and let presenters start instantly by plugging in.

Steps:

1. Connect display to Receiver via HDMI cable

2. Plug Button into presenter's laptop, tap the green button and share the content.

*Supports Windows, MacBook, or Chromebook systems.

3. Plug the second Button into another presenter’s laptop for seamless content switching.

Seamless 4K UHD Transmission

Enjoy smooth 4K UHD transmission with full support for 4K, HDCP, and Touchback control—delivering professional, interactive presentations every time.

Crisp 4K Transmission Without Lag

Showcase 4K content smoothly, with no distortion or stutter, delivering powerful visuals that convince decision-makers.

Direct Touch Control on Display

Control content right from the interactive display—no interruptions, just smooth and natural interaction.

Smooth Streaming of HDCP Protected Content

App-free design boosts PC performance, ensuring smooth, lag-free HDCP content playback for seamless presentations.

Superior Encryption Security

Advanced encryption and CVSS 4.0 certification guarantee secure data transfer with no risk of leaks.

Zero Software or Network Setup

No software or internet needed, minimizing risks and keeping sensitive data safe from breaches and hacks

WPA3 Enterprise Security Protection

WPA3 enterprise* encryption secures the receiver-button connection, keeping every presentation safe, secure, and reliable.

CVSS 4.0 Certified Security

Certified to CVSS 4.0 for guaranteed information security.

Router-Level Chipset

Uses a MediaTek router-level chipset with automated channel switching to ensure high-speed streaming support in crowded wireless environments with multiple InstaShow Receivers in the same area without any configuration.

Made in Taiwan

Designed and manufactured in Taiwan, InstaShow uses MediaTek wireless chipsets to ensure secure connections and protect data.

*Available in Q1 2026.

HDCP Support

Supports HDCP-encrypted HDMI content, letting presenters connect devices without security errors or blank screens.

Easy to Manage.
Simple to Maintain
Cloud management and swappable plugs simplify upkeep and streamline control across multiple meeting rooms.

Versatile Connection Design

Quickly switch between HDMI and Type-C with U-magnet bolt design for easy maintenance and seamless device use.

Manage everything remotely

BenQ's cloud-based DMS lets admins update firmware, monitor, and diagnose multiple InstaShow units remotely from a single dashboard.

*Available in Q3 2026.

Techninė specifikacija

Design	
Form factor	Desktop
Product colour	Black
LED indicators	Yes
Certification	CVSS 4.0
Features	
Supported graphics resolutions	3840 x 2160
Number of simultaneously connected devices (max)	64
Network	
Wi-Fi standards	Wi-Fi 5 (802.11ac), 802.11a, 802.11ad, 802.11b, Wi-Fi 4 (802.11n), 802.11g, Wi-Fi 6 (802.11ax)
Maximum operating distance	40 m
Ports & interfaces	
Interface	HDMI / USB Type-C
Power	
Power source type	DC, USB
Logistics data	
Country of origin	Taiwan
Matmenys ir svoris	
Matmenys (I × P × A)	26,00cm × 34,00cm × 13,00cm
