Aprašymas

BlitzWolf BW-S34 7-Port GaN Charger

The BlitzWolf BW-S34 is a 7-in-1 GaN charger with a maximum total output power of 550 W, designed to power multiple devices from a single source. It features four built-in, retractable USB-C cables approximately 61.5 cm long, an additional USB-C port, and two USB-A ports. Each of the retractable USB-C cables can deliver up to 100 W during a single charging session, allowing them to be used to power compatible laptops as well. The charger supports popular fast-charging standards, including PD 2.0, PD 3.0, QC 2.0, QC 3.0, QC 4.0+, AFC, FCP, and SCP, which enhances its compatibility with smartphones, tablets, laptops, and other devices.

Four retractable USB-C cables—fewer extra cables

The four USB-C cables are permanently integrated into the housing, so you don’t have to plug in a separate cable every time you want to charge a device. Each cable is approximately 61.5 cm long and can be retracted once charging is complete, helping to reduce the number of loose cables on your desk. When using a single USB-C cable, the maximum power output is 100 W; when multiple devices are connected, the power is distributed among the active outputs.

Additional USB-C and Two USB-A Ports

In addition to the four cables, the charger has a separate USB-C port that delivers up to 30 W during a single charge. Under dynamic multi-port loading, the power output of this port can be 20 W, as the BW-S34 distributes the available power among the outputs in use at the same time. Two

additional USB-A ports expand connectivity options for older devices and cables, allowing a single charger to replace several separate power adapters.

GaN Technology and Multi-Device Support

GaN technology enables high power output while maintaining relatively compact dimensions of 126 × 116 × 47 mm. The charger adjusts its power output to match the connected compatible devices, so it can work with devices that have different power requirements. It’s ideal for charging laptops, smartphones, tablets, wireless headphones, handheld consoles, and other devices that use USB-C or USB-A.

A Convenient Power Hub for Your Desk

The BlitzWolf BW-S34 helps reduce the number of chargers and cables needed at your computer station, whether at home or in the office. The 1.2-meter power cord makes it easy to place the device in a convenient location, and the housing is made of PC+ABS V0 material. The combination of seven outputs, retractable cables, and dynamic power distribution makes the BW-S34 a practical solution, especially if you regularly use multiple devices that need charging.

Manufacturer	BlitzWolf
Model	BW-S34 / BK-129D
Type	7-in-1 GaN charger
Maximum total output power	550 W
Number of outputs	7
Retractable USB-C cables	4
Maximum power per retractable USB-C cable	100 W
Specifications of retractable USB-C cables	3.3–21 V / 5 A, 5 V / 3 A, 9 V / 3 A, 12 V / 3 A, 15 V / 3 A, 20 V / 5 A
Length of USB-C retractable cables	approx. 61.5 cm
Additional USB-C port	1
Power of the additional USB-C port	up to 30 W for single-device charging; 20 W under specified multi-port load
Additional USB-C specifications	3.3–11 V / 3 A, 5 V / 3 A, 9 V / 3 A, 12 V / 2.5 A
USB-A ports	2
USB-A specifications	5 V / 3 A, 9 V / 3 A, 12 V / 3 A, 20 V / 3 A; up to 60 W
Supported Protocols	PD 2.0, PD 3.0, QC 2.0, QC 3.0, QC 4.0+, AFC, FCP, SCP
Input	AC 100–240 V, 50/60 Hz, 2.5 A Max
Dimensions	126 × 116 × 47 mm
Weight	approx. 537 g
Housing material	PC+ABS V0
