Pagrindinės savybės

- ✓ Enjoy a natural writing experience – with precise and responsive touch interaction through bonded screen technology
- ✓ Get an out-of-the-box-ready experience – with interactive functionality pre-installed; no external devices needed for an all-in-one solution
- ✓ EShare – boosts participation by wirelessly sharing content from your device to the display, and from the display to multiple devices simultaneously
- ✓ USB-C connectivity – instantly appeals to today’s users who favour using their own device. A single cable transmits data, video/ audio output and power delivery for the simplest and seamless connection, even powering the connected device at the same time
- ✓ HDMI-OUT – allows connection of an additional output device such as a projector to present content on a larger canvas to reach a bigger audience

Aprašymas

Boost engagement in learning environments

When you need to engage your audience, you need to make your delivery interactive. NEC/Sharp’s expertise in touch screens for education brings forth the LC series, designed to meet the demand for Bring Your Own Device (BYOD) preferences. Equipped with seamless USB-C connectivity, just a

single cable connects display to personal device whilst receiving charge in return. Size up your screen area by connecting another display or projector via HDMI-OUT to be seen by a bigger audience.

An all-in-one solution, the LC series features pre-installed functionality for instant interactivity, and with the EShare feature, content can be wirelessly shared between devices for best collaboration amongst peers and mentors.

For higher education in classrooms and small work groups, the LC series offers low cost, easy to use functionality to boost engangement in learning environments.
