Pagrindinės savybės

- ✓ Juoda Sportai Ausinės su kabliukais Laisvų rankų įranga
- ✓ Bevielis Bluetooth 5.3 10 m
- ✓ Įkišamos į ausį 20 - 20000 Hz 96 dB
- ✓ Mikrofono tipas: Įmontuotos -38 dB
- ✓ 150 mAh

Aprašymas

The new Shokz OpenRun Pro 2 provides astounding sound quality for sports enthusiasts, delivering up to 12 hours of unmatched audio. Equipped with wind-resistant microphones and a premium nickel-titanium frame, it ensures crystal-clear phone conversations even in extremely windy conditions. Additionally, its comfortable and secure fit offers peace of mind during use.

Groundbreaking Acoustic Improvement
Dual Driver, Doubled Performance
Bone Conduction Driver for Clear HighsAir Conduction Driver for Surging bass
Meet OpenRun Pro 2, the all-new flagship headphone from Shokz that rewrites the rules of open-ear audio, superpowered by Shokz DualPitch. This new technology is about a perfect duet between a bone conduction and air conduction speaker, of which the former handles mids and highs with total precision, while the latter releases controlled, subterranean bass.

The result is an unparalleled listening experience that's as clear as it is powerful.

High Sensitivity & Rigidity Driver

Ultrathin, all-metal bone conduction unit delivers clearer highs and full, natural mids.

Innovative Dual Reeds & Coils Design

Highly stabilized vibration system for a purer vocal sound.

18x11mm Powerful Unit

Larger low-frequency speaker for a more booming, deep bass.

Upgraded Diaphragm

Strenghtened, featherlight dome-shaped diaphgram preventing distortion even at peak volume.

Patterned Polymer Surround

Enhanced amplitude to reproduce the subtlest detail of sound.

Concert-like Audio

Forget flat audio and muddled frequencies. OpenRun Pro 2's custom algorithm assigns each sound element to a dedicated driver, crafting a balanced, dynamic, and immersive 3D soundscape. And to ensure every note rings true, DRC technology silences distortion even at peak volume.

Tailor Your Sound,
Your Way Enjoy
The official professional tuning team offers four EQ modes: Standard, Vocal, Bass Boost, and Treble Boost, tailored to different music genres for a better sound experience. Additionally, we provide two customizable EQ modes, allowing you to create and design sound profiles that best match your preferences.

Leak-Free Private Listening

Shokz OpenRun Pro 2’s bone conduction unit adopts an integrated design with components encased in one protective metal compartment and an acoustic sound leakage EQ adjustment algorithm to effectively control sound leakage, while DirectPitch technology minimizes air conduction unit leakage for enhanced privacy. Along with the drivers' decoupled design to ensure independent functionality, your audio remains for your ears only.

Secure Fit to Just Focus on the Training

Engineered for the extremes, OpenRun Pro 2's ergonomic ear hooks and unibody frame provide a secure, comfortable fit that defies slips and adjustments. Experience unshakeable stability thanks to the weight-optimised design, while integrated Ni-Ti alloy memory wire delivers a clamping force that's secure without being uncomfortable – even during intense activities.

Feel the Freedom,
Not the Headphones
Maximize the Comfort
Shokz open-ear design is known for keeping your ears clean, and together with our latest technology DualPitch substantially reducing vibrations, the headphones are now even more comfortable to wear for extended period so you can train with peace of mind.

IP55 Water Resistant3

Rain, sweat, splashes – bring it on. An IP55 water-resistant design, including a double-layer mesh structure and nano-hydrophobic coating, ensures durability against the elements.

Crystal Clear Voice, Minimal Noise

Enjoy crystal-clear communication with a cutting-edge AI noise reduction algorithm that filters out 96.5%4 of the chaos. Strategically positioned dual microphones precisely capture the subtlest human voice, ensuring your every word rings true, from bustling streets to noisy cafés.

With microphone placed in the optimal low-wind zone and an internal structure significantly restraining the wind from reaching the inner microphone,
OpenRun Pro 2 ensures crystal-clear communication even in windy conditions5.

Effortless USB-C Charging

A USB-C port lets you charge up with ease, whether you're using the included cable or your own. Dual protective layers and a secure charging port cover form an impenetrable barrier against water while maintaining effortless recharging8.

Shokz App
Install the Shokz App and discover what OpenRun Pro 2 reserves!
MultiPoint Pairing to seamlessly switch from 2 devices without pairing hassle.
4 preset EQs to choose + 2 custom modes to tailor your experience.

Pair. Play. Run.
It's That Easy.
OpenRun Pro 2 pairs instantly just by turning it on. Plus, with a 10-metre Bluetooth 5.3 range, you can roam freely without worrying about dropouts. Stay in the zone, not tangled in wires.
