Aprašymas

Stylish and durable, this Targus® Portable Stand with Integrated Dock is made with aluminum that is designed to be foldable to an ultra-compact size (25.3 x 6 x 1.83 cm), perfectly stowed within a Targus® backpack or laptop case of the modern mobile worker who's looking to transform their laptop into a workstation at multiple workspaces.

Robust construction with aluminium not only offers a sturdy platform for your laptop, it also has high heat reduction characteristics to help prevent your device from overheating. Plus it can be adjusted 5 different positions so that your laptop screen stays in your eye line for the most optimum working posture to reduce back and neck strains.

Ensure to maximise your productivity wherever you work and simply connect your laptop to an extra monitor up to 4K 30p, plus other peripherals with one single USB-C cable.

The Targus® 100W PD GaN Wall Charger (APA109GL) is the perfect companion for this stand with integrated dock, delivering up to 100W power when connected to the USB-C port under the stand, the power then shared between the Laptop via USB-C cable and other connected devices or accessories.

Keep organised whilst working on the go and centrally connect your keyboard, mouse, external flash drive or smart devices via 2x USB-A and 1 USB-C data ports that all support up to 5 Gbps data transfer rate, ideal for mobile working in multiple locations.
