Darkflash DY450 fanless computer case (white)

Darkflash DY450 is a stylish ATX Mid Tower case designed with aesthetics and functionality in mind. Its clean, minimalist design, highlighted by a tempered glass side panel, adds elegance to any computer setup. The interior of the case is spacious, allowing for easy expansion and modification of components. The case is also equipped with a removable dust filter on the bottom, making it easier to keep the case interior clean and increase the durability of components. Note: for full functioning of the display it is necessary todownload the driver from the manufacturer's website.

Excellent cooling capabilities

The Darkflash DY450 chassis provides extensive cooling options, allowing the installation of up to 8 fans. It also supports a variety of water cooling configurations, with space for a radiator as long as

480 mm on the side. Such a design guarantees efficient heat dissipation, which translates into stable operation of components even under heavy load.

Functionality through connectors

The case offers two USB 3.0 ports, one USB Type-C port and an HD audio connector for convenient connection of peripherals. In turn, the presence of buttons for fan speed control allows full control over the cooling system.
