Aprašymas

The Gembird CC-HDMI4-1M is a versatile HDMI cable that provides reliable connectivity for high-definition devices. Featuring a 19-pin HDMI Type-A connector on both ends, this cable ensures a secure and stable connection for both audio and video signals. Its integration of HDMI Ethernet Channel (HEC) technology allows for high-speed Ethernet connectivity in addition to video and audio transmission, optimizing performance across your devices. Built with a 30 AWG American Wire Gauge, the cable minimizes signal loss while supporting Audio Return Channel (ARC) functionality. This feature enhances audio transmission, making it suitable for home theater setups where sound quality is critical. With gold-plated connectors for improved conductivity and durability, this cable meets compliance standards such as ISO 9002, RoHS, and WEEE, ensuring quality and safety in its construction.
