Pagrindinės savybės

- ✓ Self-adhesive printer label
- ✓ Die-cut label
- ✓ Roll
- ✓ Rectangle White
- ✓ Material: Paper
- ✓ Print technology: Direct thermal
- ✓ Adhesive type: Permanent Print media weight: 62 g/m²
- ✓ Labels per pack: 6780 pc(s)

Aprašymas

Whether you are printing shipping, picking and receiving labels in a warehouse, or product or pricing labels, you need reliable, high-quality printing. Zebra’s direct thermal Z-Select 2000D label provides just that. Designed with reliability and print quality in mind, the Z-Select 2000D features a protective topcoat, offering improved printhead life and resistance to moisture, oils and other environmental factors. Featuring a permanent, low temperature adhesive, Z-Select 2000D provides consistent quality so you can count on optimized performance – with each and every label. Z-Select 2000D labels are recommended for a wide variety of labelling applications and surfaces.

Optimized for use with food products and in cold environments
With its all-temperature permanent rubber adhesive, these labels can be securely applied in temperatures as low as 0° C and will remain adhered in temperatures up from -40°C up to 50°C, making them perfect for use on assets in cold environments. The adhesive complies with European food regulation EC 1935/20004, EU 10/2011 and BfR Recommendation XXI for direct contact with dry and moist non-fatty foodstuffs. It also meets FDA 175.105 for direct contact with dry foodstuffs.

Zebra ZipShip – on the shelf and ready to ship
Need your label in a hurry? Z-Select 2000D labels are part of our Zebra ZipShip program— on the shelf and ready for immediate dispatch. You get fast shipment - and the minimum order is just one box.

Print Confident. Print Quality. Print Zebra.
Printing supplies can impact everything from printhead lifespan to operational efficiency. That’s why we design, produce and rigorously pre-test our

own line of thermal printing supplies to ensure consistent, optimized performance. We utilize an ISO 9001 certified, 23-point inspection process and consistent materials to ensure reliable performance from order-to-order. No matter when you order your labels, you can count on the same consistent performance.

Specially coated for trouble-free printing
Z-Select 2000D labels feature a protective topcoat for ultra-smooth printing that preserves the printhead of your printer. You also get excellent print quality and sharp definition. And the coating offers enhanced resistance to moisture, oils and other environmental factors to increase the durability of your labels.

Direct Thermal Material
Z-Select 2000D is a direct thermal material, meaning no ribbon is required for printing and so only one stock item is required.

Techninė specifikacija
