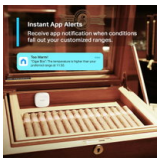
Pagrindinės savybės

- ✓ Fast & Accurate Monitoring - Detects temperature and humidity with high-accuracy Swiss-made sensor. Obtaining and update data every 2 seconds. (Accuracy: ±0.3 °C, ±3% RH
- ✓ Home Automation - Automatically turns on/off home electronics when settings fall outside their preset ranges
- ✓ Free Data Storage & Visual Graphics - Records temperature and humidity data and generates periodic data summaries
- ✓ App Notification Alerts - Receive instant alerts on your phone whenever levels fall outside preset ranges
- ✓ Flexible Installation - Hang it with a lanyard, attach it on a surface with an adhesive or magnet, or simply place it on a desk
- ✓ Hub Required- Tapo Smart Hub (H100) is required



Aprašymas

Smart Temperature & Humidity Sensor
Track Your Home’s Climate

Monitor Conditions from Your Phone
Humidity and temperature can impact your personal health and comfort. Check a room’s real-time temperature and humidity with the Tapo app from anywhere, at anytime.

High-Accuracy Sensor

The built-in Swiss-made sensor features a typical accuracy of ±3%RH, ±0.3°C / 0.54°F. By obtaining and updating data every 2 seconds, the sensor gives you accurate current information.

Instant App Alerts
Receive instant app notifications when temperature or humidity levels fall out your customized ranges. React promptly to sudden air condition changes whenever the need arises.

Maximize Comfort & Save Energy
The sensor automatically turns on/off appliances connected to Tapo devices, such as heaters, fans, and humidifiers, to adjust the comfort level in the room. It also helps to save on your energy bills.

Data Storage & Export for Free
Understand your home environment with up to 2 years of cloud data logging and storage. Export all the data to a CSV file sent to your email to review at anytime.

Long-Lasting Performance
Thanks to its low-power wireless technology, Tapo T310 has an up to 2 years battery life with the replaceable CR2450 coin battery.*
*Battery life of up to 2 years is based on TP-Link’s laboratory. Actual battery life may vary depending on working conditions.

Versatile Usages, Flexible Placement
Designed small and stylish to fit in most places. Hang the sensor with its lanyard, mount to the wall with adhesives, or attach to metallic surfaces with magnets (all included).

All in One App
Experience your next-level smart home with the Tapo line all in a single app. Create a more secure, convenient, and comfortable living space for you and your loved ones.

Techninė specifikacija

Specifications	
Sandėlio grupė	Home Automation [+81][-99]
Features	
Purpose	Indoor
Sensor type	Temperature & humidity sensor
Type	Freestanding
Connectivity technology	Wireless
Temperature measuring range	-20 - 60 °C
Humidity measuring range	0 - 99%
Accuracy	3%
Temperature measurement units	F, °C
RF transmission frequency	868 MHz
Checking interval	2 s
Certification	FCC, CE, R-NZ, UKCA, JRF, VCCI, NCC, RCM
Operational conditions	

Operating temperature (T-T)	-20 - 60 °C
Operating relative humidity (H-H)	0 - 99%
Battery	
Battery type	CR2450
Number of batteries supported	1
Battery life (max)	2 year(s)
Weight & dimensions	
Width	46 mm
Depth	12.3 mm
Height	46 mm
Packaging data	
Package width	66 mm
Package depth	85 mm
Package height	26 mm
Package weight	57 g
Sustainability	
Compliance certificates	RoHS
Sustainability compliance	Yes
Matmenys ir svoris	
Matmenys (I × P × A)	9,00cm × 7,00cm × 3,00cm
