- ✓ 7’’ touch screen
- ✓ Combined coffee and water dispenser unit
- ✓ Compatible with MDB protocol for payment systems
- ✓ Remote management via Saeco Pro.Up
- ✓ Predisposition with MDB protocol for payment systems and Saeco Pro.Up app

Aprašymas

With Magic, Saeco introduces a new and innovative family of machines that offers advanced performance, combined with modern features and a high level of design.

Magic is the ideal tool for every working environment, adaptable from the office to the bed&breakfast, from the congress center to the boutique hotel, and an unfailing presence in companies.
Modern design and cutting-edge technology at the service of taste: a synthesis of the best Saeco quality.

VERY WIDE RANGE
The heart of Magic is a professional variable chamber unit able to hold from 8.5 to 15 g of coffee. The amount of coffee dosed can be adjusted automatically via the menu. The unit has steel conical burrs, which can also be adjusted to obtain your favourite grind setting.
Magic features a new milk frothing system where the milk frother is built into the coffee dispenser. Extremely silent, it emulsifies creamy froth but can also prepare beverages with simple hot milk.

DETAILS THAT MATTER
Sophisticated details make Magic a desirable ‘must have’ for any high-level office.
It is a machine that, for those who love coffee as much as we do, can give you pleasant moments of well-being.
