Aprašymas

Connect a USB 2.0 device to your computer over long distances, using this single-port USB extender

Here's a versatile and cost-effective USB 2.0 extender. It gives you the freedom you need to place your USB device further away, making it perfect for the homes, offices, classrooms, and many other environments. Now, you can easily access and use your USB 2.0 device in a remote location, up to 165 ft. (50 m) away, using Cat5 or Cat6 cable.

Eliminate hassle and smash distance limitations

This USB extender overcomes the 16 ft. cable length limitations of traditional USB 2.0 cables, so you can create a more efficient, more flexible workspace.

It's an inexpensive USB-to-Ethernet solution that's ideal for virtually any USB 2.0 device. You can connect a webcam at the back of a classroom, or a printer in another room at the office, all up to 50 m away from your host computer.

Plus, with a power adapter included for the remote unit, you can connect power-hungry USB devices such as external hard drives.

Rugged durability and peace of mind

Unlike other USB extenders that feature a plastic housing, this extender offers a metal casing that offers rugged durability. Whether the extender is installed in a permanent location, or will be moved from place to place, it gives you the peace of mind that your USB peripheral remains connected and accessible, right where you need it.

Supports any operating system as well as older devices

The USB 2.0-over-Cat5-or-Cat6 extender is OS independent, so it supports a variety of operating systems. Setup is easy with no additional drivers or software required, and the extender is backward compatible with USB 1.1 and 1.0 peripherals.

This product is TAA compliant and backed by a Startech.com 2-year warranty with free lifetime technical support.

Techninė specifikacija

Technical details	
Type	Console transmitter & receiver
Data transfer rate	480 Mbit/s
Maximum transfer distance	50 m
Product colour	Black
Housing material	Metal
LED indicators	Link, Power
Rubber feet	Yes
Cable types supported	Cat5, Cat5e, Cat6
Compliance certificates	RoHS
Ports & interfaces	
USB 2.0 ports quantity	1
Mini-USB 2.0 ports quantity	1
RJ-45 ports quantity	2

Weight & dimensions	
Width	52 mm
Depth	80 mm
Height	22 mm
Weight	304 g
Package width	159 mm
Package depth	235 mm
Package height	67 mm
Package weight	717 g
Operational conditions	
Operating temperature (T-T)	0 - 40 °C
Storage temperature (T-T)	-10 - 60 °C
Operating relative humidity (H-H)	0 - 80%
Packaging content	
Cables included	LAN (RJ-45), USB
Quick start guide	Yes
AC adapter included	Yes
Power	
Power consumption (typical)	10 W
Input voltage	100 - 240 V
Input current	0.6 A
Output voltage	5 V
Output current	2 A
Power plug type	Type N
Logistics data	
Harmonized System (HS) code	84733020
Master (outer) case width	418 mm
Master (outer) case length	329 mm
Master (outer) case height	272 mm
Products per master (outer) case	12 pc(s)
