- ✓ HIT THE BUTTON, FEEL THE BASS: The ULT button activates two new sound modes - Deep Bass adds more weight to those vibey lower frequencies, while Attack Bass ramps up the energy. Use these to satisfy your bassline addiction, tailoring the sound to your personal preferences, and bringing the best out of your favourite genre
- ✓ POWERFUL SOUND IN PERFECT SILENCE: Block out distractions and fully focus on your music with these noise cancelling headphones, featuring the same Integrated Processor V1 from our industry-leading 1000X Series. Ambient Sound mode is available when you need to stay aware of your surroundings
- ✓ LISTEN IN COMFORT, AND STYLE: The soft earpads gently press around your ears (not against them) and the smooth headband sliders can be adjusted to your perfect fit. Available in three different colours, the over ear headphones feature a slick fold-down design and come with a durable carry/storage case
- ✓ CLEAR CALL QUALITY: Even if you’re stood at a busy train station, you’ll be heard loud and clear when taking hands-free calls. With Beam Forming Microphones and Sony's Precise Voice Pickup technology, they isolate your voice and block out distractions

- ✓ ULTIMATE SOUND, ALL DAY AND NIGHT: ULT WEAR deliver 30 hours of music when noise cancelling is switched on, or a mega 50 hours when it's switched off. Quick charging provides 1.5 hours of playback from just a 3-minute charge
- ✓ EASY CONNECTION WITH FAST PAIR AND SWIFT PAIR: These wireless headphones are both iOS and Android compatible. They feature Fast Pair and Swift Pair, so if you are connecting to an Android device or Windows 10 computer, there’s no need to dig through your settings - simply click on the pop-ups
