Aprašymas

Introducing Sony LinkBuds Clip Open-ear True Wireless Earbuds

Experience the freedom of open-ear listening. These exceptionally lightweight earbuds clip gently onto your upper earlobe, creating a secure, barely-there fit that doesn’t block the ear canal. With nothing sealing your ears, sound passes through naturally, so you can enjoy your favourite music or podcasts while staying fully aware of what’s happening around you. Their versatile clip design suits virtually any ear shape or size, and Fitting Cushions are included for extra stability for smaller ears.

The open-ear clip design feels so natural and comfortable that you might forget you’re wearing them, whether you’re running errands, working, or out for a walk.

Three versatile listening modes can be activated by tap: Standard Mode delivers high-quality music, Voice Boost enhances speech, and Sound Leakage Mode keeps your audio private in quiet locations.

With decades of Sony sound expertise behind them, these earbuds deliver the rich, clear audio you’d expect from a Sony product – all while keeping you connected to the world around you. DSEE technology restores detail to compressed tracks, and the 10-band EQ in the Sony | Sound Connect app lets you pick a preset or fine-tune your sound to match your taste.

They’re splash and sweat-resistant – ideal for workout sessions.

LinkBuds Clip offer clear hands-free calling thanks to bone conduction technology precisely detecting the speaker’s voice even in busy environments, and AI Noise Reduction to remove any unwanted back background noise. You can even mute and unmute directly from the earbuds.

Enjoy up to 37 hours of playback, including 9 from the earbuds and 28 from the compact charging case. A 3-minute quick charge delivers up to an hour of battery power when you’re short on time.

Designed for convenience, LinkBuds Clip feature intuitive touch and app controls, Adaptive Volume Control that automatically adjusts to your surroundings, and a Quick Access Mode that lets you jump into playlists on your favourite streaming services instantly. With Gemini access, your AI assistant is always ready to help with one quick tap.
