Pagrindinės savybės

- ✓ Rankinis brūkšninių kodų skaitytuvas Balta
- ✓ Skenerio tipas: 1D/2D Jutiklio tipas: LED
- ✓ Codabar, Code 11, Code 128, Code 39, Code 93, GS1 DataBar Expanded, Interleaved 2 of 5, MSI, Plessey, U.P.C. Aztec Code, Sudėtiniai kodai, Duomenų matrica, Han Xin, MaxiCode, Micro QR Code, MicroPDF417, PDF417, QR Code, TLC-39
- ✓ Polinkio skaitymo kampas: 0 - 360°
- ✓ Vielinis Standartinės sąsajos: USB

Aprašymas

BETTER WORKFLOWS FOR HEALTHCARE PROFESSIONALS. BETTER EXPERIENCES FOR PATIENTS.
As a healthcare provider, you need to give your healthcare professionals the tools they need to provide the very best in patient care, every second of every day. With the DS8100-HC Series handheld imagers, you can.

This premium handheld scanner is purpose-built for healthcare environments, with unparalleled performance on virtually every barcode in any condition, a first-of-its-kind housing delivering maximum protection against the spread of bacteria, flexible user-selectable feedback modes designed for around-the-clock use and more. Streamline workflows for your healthcare professional and deliver better patient experiences with the DS8100-

HC Series — only from Zebra.

IMPROVE PATIENT SAFETY AND THE PATIENT EXPERIENCE

The ultimate in scanning performance ensures first-time capture of virtually every barcode in any condition — including codes that are dense, tiny, curved, poorly printed, shiny, crinkled, faded, distorted or more. The first-of-its-kind housing offers maximum protection against the spread of infection. Flexible user-selectable feedback modes are designed for around the clock use, ensuring workers receive feedback in the quiet of the night without disturbing patients — or during the noisiest day shift.

ADAPTS TO YOUR WORKFLOWS

The DS8100-HC Series is loaded with features that make it easy to integrate into your everyday processes. Mount the DS8100-HC Series on a Workstation-on-Wheels (WoW) or a patient room. A built-in lamp eliminates the need to turn on room lights in the middle of the night. A paging button on the cradle makes it easy to locate a misplaced scanner. And the cordless DS8178-HC delivers a superior wireless experience. The PowerPrecision battery can capture over 75,000 barcodes in a single charge. And Wi-Fi Friendly Mode prevents Bluetooth interference with your wireless LAN.

Only the DS8100 Series combines the power of an 800 MHz microprocessor, a high-resolution megapixel sensor and Zebra’s exclusive PRZM technology. With this unique combination of hardware and advanced algorithms, the DS8100 Series instantly captures the most problematic barcodes with lightning speed, including dense, poorly printed, crinkled, faded, distorted, dirty or damaged barcodes and electronic barcodes on smartphones — even when the screen is dimly lit.

UNRIVALED MANAGEABILITY

Visionary visibility into scanning and battery performance metrics and our comprehensive complimentary toolkit deliver unrivaled manageability and unrivaled uptime. The ability to monitor decode speeds helps spot and correct barcode issues before they impact productivity and the quality of care — while battery metrics help you easily spot and replace aging batteries before they can no longer last a full shift. And a trio of no-cost tools enables easy staging of devices in your location or around the world, as well as easy application development.

Techninė specifikacija

Nuskaitymas	
Tipas	Rankinis brūkšninių kodų skaitytuvas
Skenerio tipas	1D/2D
Jutiklio tipas	LED
Palaikomi linijiniai (1D) brūkšniniai kodai	Codabar, Code 11, Code 128, Code 39, Code 93, GS1 DataBar Expanded, Interleaved 2 of 5, MSI, Plessey, U.P.C.
Palaikomi 2D (matricos ir sudėtiniai) brūkšniniai kodai	Aztec Code, Sudėtiniai kodai, Duomenų matrica, Han Xin, MaxiCode, Micro QR Code, MicroPDF417, PDF417, QR Code, TLC-39
Bangos ilgis	528 nm
Polinkio skaitymo kampas	0 - 360°
Pitch skaitymo kampas	-60 - 60°
Pokrypio skaitymo kampas	-60 - 60°
Ryšys	
Ryšio technologija	Vielinis
Standartinės sąsajos	USB

Veikimo charakteristikos	
Produkto spalva	Balta
Tarptautinės apsaugos (IP) kodas	IP42
Energijos valdymas	
Įėjimo įtampa	5 V
Svoris ir matmenys	
Svoris	156 g
Plotis	66 mm
Ilgis	107 mm
Aukštis	168 mm
Aplinkos sąlygos	
Darbo temperatūros diapazonas (TT)	0 - 50 °C
Sandėliavimo temperatūros norma (T-T)	-40 - 70 °C
Darbo santykinės drėgmės diapazonas	5 - 95%
Logistikos duomenys	
Darniosios sistemos (DS) kodas	84716070
Matmenys ir svoris	
Svoris	0,34kg
