Pagrindinės savybės

- ✓ Hybrid ANC & ENC: Four-mic active noise cancellation with crystal-clear voice transmission via detachable and built-in mics
- ✓ Up to 45 Hours Battery Life: Long-lasting 850mAh battery with fast and efficient charging for uninterrupted use
- ✓ Hi-Res Certified 40mm Drivers: Stunningly detailed sound with 24-bit DAC, 96kHz sampling rate, and true stereo reproduction
- ✓ Ultra-Low Latency Wireless: Seamless 2.4GHz and Bluetooth 5.4 connectivity with under 20ms delay and ClearScan™ signal stability
- ✓ RGB lighting: Add style and brightness to your setup with dynamic RGB

Aprašymas

HATOR Phoenix 2 Wireless is an innovative solution that combines the functionality of a top-tier gaming headset with the style and refined sound of premium lifestyle headphones. Hi-Res certified drivers, hybrid noise cancellation in wireless modes, minimal wireless latency, Spatial Audio, and Head Tracking – these and many other features make the Phoenix 2 Wireless one of the most advanced headsets on the market.

Ergonomic design with swiveling ear cups and a UV-coated earcups, providing a pleasant tactile feel and long-lasting durability.

Powerful 40mm drivers with Hi-Res Audio certification
provide clear and detailed sound, allowing you to fully immerse yourself in gaming or enjoy your favorite music.

True stereo sound — thanks to the unique driver cavity design.
The isolated driver cavity reduces sound distortions and vibrations, ensuring cleaner and more accurate audio reproduction.

The Hybrid ANC active noise cancellation system is powered by a combination of four microphones and a dedicated processor, delivering seamless noise reduction for both 2.4GHz and Bluetooth wireless connections.

ClearScan™ technology continuously scans the wireless spectrum and selects the optimal frequency, ensuring stable signal performance even in congested environments.

Spatial Audio and Head Tracking technologies deliver immersive sound and precise positioning in games.

Stay in the game while taking calls! The headset supports Bluetooth phone connectivity with ENC noise cancellation for crystal-clear conversations. Built-in controls on the ear cup make it easy to manage calls, adjust volume, and access essential functions effortlessly.

24-bit DAC with up to 96 kHz sampling rate and Hi-Res certification combined with a 32-bit dual-core DSP delivers top-tier audio quality. With precise reproduction of even the smallest nuances and efficient signal processing, you'll experience deep immersion in music, gaming, or movies, enjoying crystal-clear and detailed sound.

The detachable high-sensitivity microphone ensures clear and natural voice transmission for team communication or streaming. And when removed, the headset transforms into a lifestyle audio device without sacrificing functionality! Thanks to the additional built-in microphone, you can still take phone calls even with the main mic disconnected.
An innovative low-degradation lithium-ion battery with a capacity of 850mAh delivers up to 45 hours of battery life.

Comfortable protein leather ear cushions filled with special foam ensure effective noise isolation, even when worn with glasses.

The headset comes with a hard carrying case for convenient storage and transportation.

Support for the proprietary HATOR SyncHUB® mobile app allows you to fine-tune audio settings and additional features, including the ability to upload custom voice notifications.

Techninė specifikacija

Specifications	
Sandėlio grupė	Peripherals & Desktop > Headsets [+2381][-731]
Performance	
Product type	Headset
Wearing style	Head-band
Recommended usage	Gaming
Headset type	Binaural
Product colour	Black
Volume control	Rotary
Control type	Buttons, Rotary
Cable length	1.3 m
Backlight	Yes
Backlight colour	Multicolour

LED indicators	Yes
Ports & interfaces	
Connectivity technology	Wired & Wireless
USB connectivity	Yes
USB connector	USB Type-C / USB Type-A
Bluetooth	Yes
Bluetooth version	5.4
Frequency band	2.4 GHz
Headphones	
Ear coupling	Circumaural
Headphone frequency	10 - 44000 Hz
Impedance	16 Ω
Headphone sensitivity	115 dB
Magnet type	Neodymium
Driver unit	4 cm
Noise canceling	Yes
Noise canceling type	Active
Diaphragm material	Polyethylene terephthalate (PET)
Microphone	
Microphone type	Boom
Microphone sensitivity	-38 dB
Microphone direction type	Unidirectional
Detachable microphone	Yes
Hybrid noise-canceling	Yes
Battery	
Battery operated	Yes
Battery capacity	850 mAh
Continuous audio playback time	45 h
Battery recharge time	4 h
Weight & dimensions	
Weight	265 g
Packaging data	
Package width	203.5 mm
Package depth	64 mm
