Aprašymas

Print for your business like a Pro. Say hello to the professional colour inkjet printer for your growing business from the World's #1 Printer Company, paired with the easiest-to-use print app. From budgets to reports, enjoy easy cloud sharing and printing across multiple devices.[1,2]. HP Instant Ink eligible

Dynamic security enabled printer Certain HP printers are intended to work only with cartridges that have a new or reused HP chip or electronic circuitry. These printers use dynamic security measures to block cartridges using a non-HP chip or electronic circuitry. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. Reused HP chips and electronic circuitry enable the use of reused, remanufactured, and refilled cartridges.
