Aprašymas

ADVANCED AI SURVEILLANCE FOR ENHANCED SECURITY

The Ubiquiti AI Turret Camera is engineered to provide top-tier surveillance with its advanced AI capabilities. This all-weather, vandal-proof turret camera features 4K resolution, ensuring crystal-clear image quality. With smart detection technology, it can accurately identify people, vehicles, and animals, enhancing security measures. The face and license plate recognition features add an extra layer of protection, making it an ideal choice for both residential and commercial applications.

ROBUST DESIGN MEETS EXCEPTIONAL PERFORMANCE

Built to withstand the elements, the Ubiquiti AI Turret Camera boasts an IP66 weatherproof rating and IK08 tamper resistance, ensuring durability in outdoor environments. Its aluminum alloy and polycarbonate construction provide a robust enclosure, while the built-in IR LED illumination allows for effective night vision up to 40 meters (131 feet). With a wide horizontal view angle of 109.9°, this camera captures expansive areas, making it perfect for monitoring large spaces.

COMPREHENSIVE AUDIO AND VISUAL FEATURES

Equipped with two-way audio, the Ubiquiti AI Turret Camera facilitates clear communication, allowing users to interact with visitors or deter intruders effectively. The camera supports a variety of image settings, including color, brightness, and contrast adjustments, ensuring optimal visual performance in different lighting conditions. With a maximum frame rate of 30 FPS and advanced noise reduction technologies, this camera delivers smooth and detailed video footage, enhancing overall surveillance quality.

FLEXIBLE INSTALLATION AND CONNECTIVITY OPTIONS

The Ubiquiti AI Turret Camera offers versatile mounting options, including ceiling, wall, and pendant mounts, making it adaptable to various installation environments. Its GbE RJ45 port ensures reliable networking connectivity, while Power over Ethernet (PoE+) simplifies installation by reducing the need for additional power sources. The camera also features an expansion slot for a MicroSD card, allowing for local storage of
