Aprašymas

The **Hikvision DS-7608NXI-K2(D)** is a state-of-the-art **8-channel 1U K Series AcuSense 4K NVR** designed for advanced video surveillance applications. This model supports up to **8-channel IP camera inputs**, providing flexibility and scalability for various security setups. With its capability to decode up to **2 channels at 12 MP**, **4 channels at 8 MP**, **8 channels at 4 MP**, or **16 channels at 1080p**, it ensures high-quality video playback and monitoring. The device supports multiple video formats including **H.265+/H.265/H.264+/H.264**, optimizing storage and bandwidth usage.

One of the standout features of the **Hikvision DS-7608NXI-K2(D)** is its **Hikvision AcuSense technology**, which significantly reduces manual effort and lowers security costs by intelligently filtering out false alarms. This advanced technology enhances the efficiency of surveillance operations, allowing users to focus on real security threats. With an impressive **incoming bandwidth of up to 80 Mbps**, this NVR ensures seamless video streaming and recording, making it an ideal choice for both small and large-scale installations.
