- ✓ Open-Ear Comfort without Compromise
- ✓ Dual AI mics reduce up to 99.4% of background noise
- ✓ Secure, stable fit from Shokz GlideFit™
- ✓ Shokz DualPitch™ Technology for premium sound quality

Aprašymas

Open-ear design. All-day comfort

Introducing the all-new OpenMeet2. The open-ear design reduces ear pressure, heat buildup, and fatigue. Breathable, ergonomic, and built for extended wearing, from your first call to your last.

Shokz GlideFit™. Engineered for a secure, stable fit.
Inspired by the precision fit of premium eyewear, Shokz GlideFit™ uses an inward-contoured frame to distribute tension evenly, so the headset stays secure through every meeting, call, and coffee break.

AI-powered call clarity.
Crystal clear calls in every environment.
Powered by the Qualcomm® QCC3096 chip, OpenMeet 2's dual-microphone system uses AI to isolate your voice and filter out the rest. From office

chatter and keyboard clicks to a barking dog or a busy café, up to 99.4% of background noise is reduced — so every call is crisp and clear.

Precision audio crafted for every detail.
Shokz DualPitch™ Technology fuses an air-conduction driver with a high-performance bone conduction core, tuned by a digital crossover algorithm to deliver a rich, full-range listening experience.

Open-ear design.
Stay present. Stay aware
OpenMeet2's signature open-ear design keeps your ear canals free, so you can catch a colleague's question, follow a side conversation, stay attuned to your surroundings — all without ever taking your headset off.
