- ✓ Male/Male
- ✓ Black

Aprašymas

Efficient connection for storage systems: Connects SAS controllers to backplanes via Mini-SAS HD (SFF-8643) to SAS (SFF-8087) interfaces.
Reliable internal data transfer: Ideal for integration into server and storage systems with high data rates.
Sideband support for advanced functions: Transmits additional signals for monitoring and control.
Space-saving cabling: Compact, straight connector for easy installation even in confined spaces.
Professional quality for long-term use: Robust design for stable and durable connections in 24/7 operation.

The InLine® Mini-SAS HD cable with sideband function offers a high-quality solution for internal connection between Mini-SAS HD (SFF-8643) and SAS (SFF-8087) interfaces. It is ideal for connecting a SAS controller to a backplane and supports additional control and monitoring functions thanks to the sideband line. The straight design of the SFF-8643 connector allows for space-saving integration into compact server enclosures and industrial storage systems. The robust construction ensures reliable data transmission even during continuous use under professional conditions. This cable is particularly suitable for system integrators who require a stable connection solution in the field of server and storage technology. The clearly defined interface architecture ensures smooth communication between components without signal loss or compatibility issues.

Interfaces: SFF-8643 connector (Mini-SAS HD) to SFF-8087 connector (SAS)
Connector design: SFF-8643 straight
Application: Internal connection cable
Function: With sideband

Techninė specifikacija

Features	
Cable length	1 m
Connector 1	SFF-8087
Connector 2	SFF-8087
Connector gender	Male/Male
Product colour	Black
Weight	59 g
Packaging data	
Package width	155 mm
Package depth	150 mm
Package height	15 mm
Package weight	59 g
Logistics data	
Package volume	300 cm³
