Aprašymas

High compatibility for a wide range of applications: Ideal for connecting PCs, monitors, printers, TVs, and other electrical devices in offices or technical environments.
Robust design with safety features: The H05VV-F3G1.5mm² cable and GS-certified construction offer reliable performance and standard-compliant safety.
Reliable extension with protective contact: CEE 7/7 plug and socket enable safe power transmission with increased touch protection.
Suitable for professional electrical installations: Ideal for temporary and permanent installations in IT environments and training rooms.
Available in many variants for maximum flexibility: Available in different lengths and colors – suitable for any environment.

The InLine® protective contact extension cable is the reliable solution for professional indoor power extensions. Equipped with high-quality CEE 7/7 plug connections (protective contact), it is ideal for connecting common end devices such as monitors, PCs, printers, or televisions. The robust H05VV-F3G1.5mm² cable meets all requirements for a safe power supply and impresses with increased touch protection and GS certification. Thanks to the wide range of length options and color designs (black and white), the cable can be flexibly adapted to spatial conditions – whether in the office, training room, or for temporary installations in technical environments.

Maximum load: 230 V
Cable type: H05VV-F3G1.5mm²
CEE 7/7 plug and socket
Integrated child safety feature
Suitable for indoor use

Techninė specifikacija

Features	
Cable length	1.5 m
Product colour	White

Conductor cross section	1.5 mm²
Certification	GS
Weight & dimensions	
Width	50 mm
Depth	1500 mm
Height	50 mm
Weight	276 g
Technical details	
Cable type	H05VV-F3G
Other features	
Dimensions (WxDxH)	50 x 1500 x 50 mm
Packaging data	
Package width	120 mm
Package depth	120 mm
Package height	250 mm
Package weight	289 g
Logistics data	
Quantity per pack	1 pc(s)
Matmenys ir svoris	
Svoris	0,29kg
