Pagrindinės savybės

- ✓ Unique mobile phone protection for the Samsung Galaxy S26+: D3O-licensed mobile phone cover is the bodyguard for your smartphone with impact protection, drop protection and scratch protection
- ✓ Shock-resistant corners thanks to material reinforcement for even more safety in the event of bumps and falls
- ✓ The highlight: the mobile phone with the cover lies flat on the table etc. with the small feet on the corners, creating a straight surface with the camera protection so the mobile phone does not wobble
- ✓ Flexibility: easy to attach to your smartphone
- ✓ Compatible with wireless charging

Aprašymas

Full protection without compromise for surface, display and camera - for every extreme use, from sandboxes to skydiving. With the "Extreme Protect" mobile phone case, you and your Samsung Galaxy S26+ are prepared for every adventure.

Made in Germany

For us, Made in Germany applies to the entire supply chain: in development, production and quality assurance, you can have complete confidence in the high-quality workmanship of our products and the German seal of quality. In this way, we strengthen Germany as a business location and create short transport routes.

Quality based on German standards

From the initial sample to series maturity: our products undergo strict and comprehensive quality controls, managed and carried out in Germany. This enables us to guarantee compliance with all specifications, guidelines and standards – and satisfy the strictest demands.

D3O - industry standard protection

High-end cover with D3O® licence: this bumper case guarantees shatterproof and shockproof drop protection - durable mobile phone protection in all situations

Drop-proof armoured cover

Drop it like it's hot: 10 times in the test! The mobile phone case is made for the most extreme conditions - drop-proof up to a height of 3.5 m, tested and certified to military standard MIL-STD-810Hw

Scratch protection deluxe

Scratch-resistant with 4H hardness rating: tough, strong surface finish protects against scratches and abrasions from anything in your trouser pocket, handbag or jacket pocket

Black colour gradient

All black everything: this little black number is now also available for your mobile phone - the mobile phone case with the transparent colour gradient in black for the classic black look

Camera protection through raised edges

Simply lay it down carefree: the raised edges of the phone case provide protection for the protruding camera lenses without compromising the quality of the photos

Edge protection for the display

Additional protection for the mobile phone display: The mobile phone cover has a raised edge all around - so the touchscreen is better protected

Custom-fit

Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket

Protected side buttons

A clean sweep: The mobile phone cover also covers the side buttons - this protects against dust and enables a perfect pressure point

Anti-slip surface

Bumper with grip: with the anti-slip material and the ribbing on the sides, you always have a secure grip on the mobile phone case

Plastic-free

Packaging with a clear conscience: our packaging is 100% plastic-free, enabling us to reduce plastic waste and increase its recyclability

FSC

FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood

Techninė specifikacija

Features	
Maximum screen size	17 cm (6.7")
