Aprašymas

Discover our premium 19-inch shelf, an ideal solution for efficiently organising your server and network equipment. With a depth of 450 mm and an impressive load capacity of 50 kg, this shelf provides a robust platform for your equipment, while its compact 1U height minimises space requirements.

Made from high-quality, powder-coated SPCC (Steel Plate Cold Rolled Commercial) steel, the shelf features a hard-wearing finish that protects against corrosion and ensures long-lasting aesthetics. The powder coating not only gives it a modern look, but also provides additional resistance to external influences.

The simple mounting on the front and rear profile rail enables quick integration into your rack system, screw sets are included. Rely on the reliability and quality of this 19-inch shelf to keep your server environment organised and stable. Optimise your space effectively with this heavy-duty, powder-coated shelf for a professional IT infrastructure.
