Pagrindinės savybės

- ✓ Protect Sensitive Data: TAA-compliant magnetic privacy screen features Microlouver technology that obscures your 32in 16:9 display when viewed from the sides, preventing visual eavesdropping; 60 degree viewing angle (+/- 30 degrees from the center)
- ✓ Magnetic Quick-Install Design: Ultra-slim 5mm wide magnetic strips enable fast install/uninstall without hindering the active display area, even on thin monitors; Included plastic tabs keep the filter flush and prevent edge curl after repeated use
- ✓ Comfortable, High-Quality Viewing: Independently tested by 3rd party lab to block 47% of blue light in the 380-450 nm range; 62% light transmittance for improved screen clarity; Reversible matte or glossy finish for optimal viewing in any lighting
- ✓ Professional-Grade Screen Protection: Durable film resists scratches, fingerprints, and dust; Ideal for offices, service desks, hoteling stations, and shared workspaces; For bezel-less or all-glass monitors only, does not work with raised bezel displays
- ✓ The IT Pro's Choice: Our high-quality privacy screens are trusted across industries and designed to fit nearly every device type, screen size, aspect ratio, and mounting style; Backed by free lifetime 24/5 multi-lingual technical assistance

Aprašymas

Protect sensitive information by keeping your on-screen data private

This magnetic monitor privacy screen is compatible with 32" 16:9 aspect ratio monitors, obscuring the view of sensitive on-screen information.

Prevent Visual Eavesdropping

Safeguard confidential information with this TAA-compliant magnetic privacy screen that uses Microlouver technology to block side views. The filter maintains a clear 60-degree viewing angle (+/- 30 degrees from the center) and is ideal for desks in high-traffic or shared workspaces.

Hassle-Free Magnetic Installation

Quickly attach or remove the screen using ultra-slim magnetic strips that take up minimal bezel space, even on thin monitors. The included plastic tabs help hold the filter flush to the screen and prevent curling over time.

Reversible Viewing Options

The privacy screen protector is reversible, with a matte anti-glare side for environments prone to glare and a high-gloss side that helps retain color vibrancy. The matte side provides additional screen protection with a fingerprint and scratch resistant coating. The privacy shield has a light transmittance of 62% providing optimal screen brightness with enhanced levels of privacy.

Blue Light Reduction

Help reduce eye fatigue during extended use. The privacy screen is independently tested by a 3rd party lab to block 47% of blue light in the 380-450 nm range, supporting better focus and visual comfort throughout the day. The durable film protects against scratches, fingerprints, and dust.

Techninė specifikacija

Design	
Maximum screen size	81.3 cm (32")
Suitable for	Monitor
Type	Frameless display privacy filter
Filter colour	Black
Reversibility	Matte-to-Glossy
Material	Plastic
Product colour	Transparent
Features	
Display filter features	Privacy, Anti-glare
Display types supported	LCD
Aspect ratio	16:9
Protection features	Scratch resistant, Dust resistant
Limits viewing angle	30°

Light transmission	62%
Surface finish	Glossy / Matt
Cleaning cloth	Yes
Installation type	Magnetic
Fingerprint resistant	Yes
Reduces blue light up to	47%
Magnetic	Yes
Blue light filter	Yes
Weight & dimensions	
Width	718 mm
Height	403 mm
Depth	0.5 mm
Packaging data	
Package width	440 mm
Package depth	885 mm
Package height	4 mm
Package weight	700 g
Packaging content	
Quick start guide	Yes
Other features	
Compliance certificates	Trade Agreements Act (TAA)
Logistics data	
Master (outer) case width	870 mm
Master (outer) case length	455 mm
Master (outer) case height	180 mm
Products per master (outer) case	15 pc(s)
Matmenys ir svoris	
Matmenys (I × P × A)	86,00cm × 44,00cm × 1,00cm
Svoris	0,62kg
