Aprašymas

Mineral 02 VIA DIY Kit
The Mineral 02 VIA DIY Kit is the ultimate choice for mechanical keyboard enthusiasts looking to build their dream keyboard. With a compact yet functional 1800 compact layout, this kit strikes the perfect balance between space-saving design and everyday usability. Enjoy seamless assembly and disassembly with this user-friendly kit. Ideal for tinkerers who love experimenting with different components.

Ball-catch Design
Rapid Disassemble without Screws or Tools
Unlike typical screw-on mechanical keyboards, the Mineral Series features a ball catch to secure the case and adjustable load force that can be modified by tightening screws during installation for enhanced safety and stability.

CNC Aluminum Curved Design Case
Precision CNC-machined aluminum with dual-sided curves enhances durability and ergonomics, while the gasket-mounted structure provides a softer key feel and a refined, dampened sound profile.

Built-in 8000mAh Battery
Equipped with a powerful 8000mAh battery, this keyboard ensures extended periods of uninterrupted typing, gaming, or productivity, minimizing the need for frequent recharging.

Multi-mode
Allows easy switching between wired, Bluetooth, and 2.4GHz wireless modes for a smooth experience across all devices. Compatible with Windows and Mac, this versatile keyboard delivers exceptional performance and convenience. Enhance productivity with this adaptable keyboard.

Programmable RGB Light
All keys can be re-mapped by VIA. The keyboard has built-in and side-LED RGB backlit with customizable light animation effects.

PORON Plate Foam

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

www.shopro.lt · info@shopro.lt · +370 693 39903

Mineral 02 VIA DIY Kit is equipped with PORON plate foam, effectively reducing the noise generated by key switches, ensuring a purer and more comfortable tactile sound experience for the keyboard.

Plate-mounted Stabilizers
The Mineral Series now features pre-installed plate-mounted stabilizers, designed to streamline the assembly process and provide convenience for keyboard beginners.

Additionally, it includes extra PCB Mount/Screw-in stabilizers to accommodate the varied preferences of users.

System Switch
Top: Mac Wireless Mode (built-in power supply on)
Middle: Default Windows Wired Mode (built-in power supply off)
Bottom: Windows Wireless Mode (built-in power supply on)

PVD Back Weight
Features a premium PVD back weight, adding both elegance and durability. Its reflective surface enhances the overall aesthetic while providing a luxurious touch.

Rear Port & Akko Nameplate
Designed with a well-aligned rear Type-C port for stable connectivity, the keyboard also features a refined Akko nameplate on the back, delivering both functionality and a distinctive brand identity.
