Aprašymas

The Lanberg WF01 series of server cabinets is a modern and durable rack solution, perfectly suited for use in business and home IT networks. Made of high-quality materials, they are characterized by robustness and ease of installation, meeting the expectations of even the most demanding ICT professionals. WF01 server Racks are available in various sizes and configurations, allowing for optimal cable management and safe storage of network equipment. Lanberg WF01 Rack cabinets are an ideal choice for any ICT installation. Functionality, durability and elegant design combined, the WF01 series is a sure choice for your server infrastructure needs.

Easy assembly

With the simple and easy installation of our server Racks, you save time and effort, allowing you to focus on more important tasks. Regardless of your experience, you can get your data center or server network up and running quickly.

Our cabinets come with clear paper installation instructions that guide you through the process step-by-step. In addition to ensure the highest quality of use, we also provide detailed video instructions that are available online. So you can be sure you have access to a visual guide to help you understand and complete each step.

Quality workmanship

Reliability and durability are key features of Lanberg server racks. Our rack cabinets are designed to provide rugged construction and reliability depending on the application. Made from high-quality cold-rolled steel, our server racks offer not just great durability, but also highest precision manufacturing as well.

Each Lanberg rack features a robust design - result of an advanced manufacturing process that combines innovative solutions and careful craftsmanship. We take care of every detail, ensuring excellent protection of cartons and high-quality painting with a matte surface, which emphasizes the professionalism of our products.

Flat Pack

Our Lanberg server racks are packaged in a "Flat Pack" format for self-assembly. Thanks to this, you can easily transport our Racks in vehicles with limited cargo space, as well as have full control over the assembly process.

Our years of experience in the market have given us a great understanding of how to protect components in cartons to minimize the risk of damage during transportation. We use high-quality protective materials and careful packaging to ensure that your server racks arrive in perfect condition - ready for assembly right-away.

Accessories

Lanberg is constantly expanding the available list of accessories for its RACK cabinet series to allow users to perfectly match their individual needs. Our current range includes, among others:

- Shelves: universal, butt, side, pull-out shelves;
- Server enclosures;
- Brush panels;
- Cable organizers;
- Cooling accessories: ventilation panels, thermostats;
- Patch panels, keystone panels;
- Power Distribution Units (PDUs);
- Assembly support tools.

Our accessories are carefully designed and tailored to fit various RACK cabinet models, ensuring perfect compatibility and functionality. With them, you can optimize the use of space in your rack and keep your cabling organized.

Efficient cooling

Lanberg WF01 series of server cabinets is also dedicated to those who are looking for solutions for use in demanding temperature conditions. Our cabinets allow you to achieve optimal performance without sacrificing functionality, aesthetics and security.

With the use of two vents in the top panel, we ensure excellent airflow and effective cooling. We offer users even greater control over the temperature inside the cabinet, which is crucial to maintaining optimal operating conditions for equipment.

Techninė specifikacija

Features	
Rack capacity	12U
Type	Wall mounted rack
Maximum weight capacity	60 kg
Product colour	Black
Material	Steel
Front door construction	Perforated
Key lock	Yes
Front door key lock	Yes
Side panel key lock	Yes
Number of fans	2 fan(s)
International Protection (IP) code	IP20
Certification	ANSI/EIA RS-310-D, DIN 41491/PART 1, DIN 41494/PART 7, ETSI, IEC297-2:1982
Weight & dimensions	
Size (imperial)	48.3 cm (19")
Width	600 mm
Depth	450 mm
Height	640 mm
Inner depth	35.5 cm
Weight	21 kg
Packaging data	
Screws included	Yes
Mounting kit	Yes
Grounding kit	Yes
Quick installation guide	Yes
Matmenys ir svoris	
Matmenys (I × P × A)	66,00cm × 64,00cm × 25,00cm
