Aprašymas

The **UACC-Camera-JB** is a tamper-resistant junction box specifically designed for **UniFi Bullet**, **Dome**, and **Turret cameras**. This product not only enhances **mounting durability** but also improves the overall aesthetics of your installation, making it an ideal choice for both professional and residential settings. The robust design ensures that your camera systems are securely mounted and easily maintained, highlighting its practical application.

Manufactured by a reputable brand, the **UACC-Camera-JB** features exceptional build quality with materials such as **aluminum alloy** and **polycarbonate**. The junction box measures Ø140.4 x 59.7 mm (Ø5.5 x 2.4") and weighs a total of 470 g (16.6 oz), making it both sturdy and manageable for installation. The lightweight **mount holder** and **pole mount** components contribute to ease of use during setup.

When considering key technical specifications, the junction box offers a **pole mount diameter** ranging from 1.5" to 2", with a recommended torque of 6Nm for secure attachment. Additionally, it includes **G3/4"** threaded outlets, enhancing compatibility and flexibility when integrating with various camera systems. This ensures that you can connect a wide range of devices in one cohesive setup.

Notably, the **UACC-Camera-JB** is compatible with an extensive array of UniFi camera models, such as **UVC-G4-Dome**, **UVC-G5-Dome**, and **UVC-G3-Bullet**. This compatibility makes it a versatile choice for users looking to optimize their security infrastructure with reliable mounting solutions. By choosing this model from UniFi, you are investing in lasting functionality and streamlined maintenance for your camera systems.
