Aprašymas

Tested to endure up to 4 years of 24/7 continuous recording

When an incident occurs, you have only one chance to capture it. The SANDISK Security Cam Card is engineered to operate continuously alongside – or in lieu of – cloud storage, so your footage can be reliably recorded even when the Wi-Fi drops.

Card + Cloud = Coverage

Record locally to the microSD™ card for up to 4 years continuously4 [512GB model], even when the Wi-Fi drops and your connection to the cloud is lost.

4K compatible

Capture crystal clear security camera video, from Full HD up to 4K UHD, so that critical details are saved.

Outdoor ready

Built to withstand the extreme conditions of year-round outdoor camera systems, including heat, cold and humidity.

Made for security cameras

Designed to pair perfectly with a wide variety of security cameras that include a microSD™ card slot.

- Record directly to the card for up to 4 years continuously
- Capture in crystal clear security cam footage from Full HD to 4K UHD
- Built for year round outdoor conditions
