Pagrindinės savybės

- ✓ Video input channels: 16 channels
- ✓ 1920 x 1080 pixels
- ✓ HDD interface: SATA
- ✓ Ethernet LAN (RJ-45) ports: 1 Power over Ethernet (PoE) 1U Rack mounting
- ✓ Built-in processor 2 GHz
- ✓ Black

Aprašymas

The cost-efficient and high-performing TVR-AI200 NVR features two fixed 2.5-inch/3.5-inch SATA hard drive bays and sixteen PoE+ ports. It is plug-and-play in offline mode, and within 10 minutes, you can complete setup and start recording. The TVR-AI200 supports real-time video display and playback with resolutions up to 16 megapixels (MP), H.265+ compression technology, AI video analytics, and remote backup. With the TVR-AI200, smart retail and small-to-medium businesses can deploy smart video surveillance solutions on a budget, ensuring around-the-clock environmental

safety.

4K high-resolution video

The monitoring interface allows you to playback up to 16MP footage and output clear footage through the 4K HDMI™ port. It supports advanced compression technologies like H.265+ provided by the cameras, effectively reducing network bandwidth and halving storage space requirements.

Supports ONVIF® S/T/G standards

Compatible with over 200 brands and more than 8,000 cameras, and supports third-party camera events and API platform services, providing high hardware and software compatibility.

Easy installation, quick deployment

Its 16 PoE+ ports directly powers IP cameras, transmitting both power and data through a single Ethernet cable, eliminating the need for complex cabling.

24/7 recording

Supports hard drives with capacities up to 24TB for storing recordings for over 540 days. Combined with QNAP's active backup solution, TVR-AI200 ensures uninterrupted multi-site video surveillance.

Remote monitoring, powerful management

Advanced real-time detection, notifications, and prompt response to suspicious events, with flexible monitoring through computers or mobile devices to keep you in control.

Lightweight AI Business Analytics

Built-in NPU acceleration for smart image/video recognition, offering advanced AI capabilities such as facial recognition and people counting, even without AI-enabled cameras.

16 PoE plug-and-play ports for IP Cameras

The TVR-AI200 complies with the 802.3at PoE+ standard, is equipped with 16 ports providing 25.5-watt PoE. A single Ethernet cable can simultaneously deliver data and power, supplying power to various 4K PTZ (Pan-Tilt-Zoom) cameras, fisheye cameras, and other high-powered IP cameras, with a total power supply capacity of up to 130W. When paired with a UPS (Uninterruptible Power Supply), it can easily support continuous recording for up to one hour during a power outage.

Techninė specifikacija

Performance	
Video input channels	16 channels
Maximum resolution	1920 x 1080 pixels
Resolution at capture speed	1920x1080@30fps
Internal memory	4096 MB
Languages support	German, English
Throughput data rate	160 Mbit/s
