- ✓ Easy to control, easy to connect: Take control via touch or the Sony / Sound Connect app, and enjoy Fast Pair/Swift Pair connections

Aprašymas

Introducing the Sony WF-C710N Noise Cancelling Truly Wireless Earbuds.

Turn off your surroundings and immerse yourself in music with the WF-C710N. Each earbud is equipped with two microphones that detect and cancel unwanted noise from both inside and outside the earbud, delivering an effective noise cancelling experience. Alternatively, Ambient Sound Mode lets you stay connected to your surroundings, offering a transparent listening experience that keeps you aware of your environment while still enjoying your music. So, whether you're at the gym, a café, or on your way to work, the WF-C710N lets you focus on what matters.

With clear vocals, powerful bass, and a rich balanced sound, you can enjoy a wide range of music on the WF-C710N. The earbuds feature our Digital Sound Enhancement Engine (DSEE) to upscale your digital music closer to the original recording. And with the custom EQ in the Sony | Sound Connect app, you can tailor the sound to your own taste by enhancing or reducing certain elements of the audio, such as increasing the bass for a richer, deeper sound or boosting the treble for more clarity and detail. Alternatively, choose from one of the presets to find the best sound for you.

Available in Black, White, Pink, and Glass Blue (an exciting transparent design), the WF-C710N are small, lightweight and comfortable, so you can wear them all day long, and focus on your music in style.

Enjoy up to 40 hours* of uninterrupted playback (12 hours from the earbuds + 28 hours from the case), plus quick charging.

Utilising Precise Voice Pickup with AI technology, the WF-C710N can deliver clear voice calls even in noisy environments. And with Multipoint Connection technology, these earbuds can connect to two Bluetooth devices at the same time and seamlessly switch between them.

With an IPX4 rating for water resistance, the WF-C710N handle sweat and rain in their stride - so you can use them indoors or outdoors with confidence.
