Short-throw design for flexible home setups

The short-throw lens delivers large images from a shorter distance, making it ideal for dedicated home golf simulators, media rooms and smaller living spaces. Whether practising your swing or watching the latest blockbuster, you'll enjoy immersive big- screen experiences without needing a long projection distance.

Premium big-screen entertainment meets home golf simulation

From movie nights in the living room or dedicated home cinema to immersive indoor golf simulation in the garage, the EH-LS7500 adapts to the way you use your home.
With stunning 4K picture quality and images up to 500 inches, it's the ideal projector for films, TV, live sport, gaming, and golf simulation.

Natural colours that stay true to the original

3LCD technology and high Colour Light Output deliver accurate colour reproduction to create bnght, vibrant and natural- looking images.
With no rainbow effect, every scene remains comfortable to watch and play, whether you're enjoying a film, watching live sport, gaming with friends or practicing your swing.

Intelligent image optimisation

Built-in AI image enhancement continuously analyses content and adjusts picture quality in real time. The result is improved detail, smoother motion and enhanced contrast across a wide range of entertainment, helping every scene look its best with minimal user adjustment.
