Pagrindinės savybės

- ✓ Farewell to ARM, Unleash Real Power: High-speed home nas. Equipped with an Intel x86 quad-core processor and 4GB RAM, the F2-425 network attached storage effortlessly handles 4K transcoding and multitasking. The 2.5GbE port ensures ultra-fast file transfers and supports multi-user concurrent access.
- ✓ Home Multimedia Hub: The F2-425 media server supports hardware-level 4K H.265 decoding, compatible with Plex, Emby, and Jellyfin for smooth HD video playback, with DLNA for seamless multi-device streaming. The Photos app features AI smart album and efficiently organizes millions of photos.
- ✓ TNAS Mobile Full Control: Initialize setup for your F2-425 NAS storage via the TNAS Mobile app without a PC. The mobile app supports automatic photo and video backups, plus real-time local/remote synchronization, all managed through a single client.
- ✓ Ultra-Quiet & User-Friendly: The F2-425 NAS server operates at just 19dB(A), ideal for quiet environments like bedrooms. Its tool-free Push-Lock design HDD trays enable to install HDDs in 10 seconds.
- ✓ Massive Storage & Security: The F2-425 2-bay NAS supports up to 60TB storage (2 x 30TB for each bay), 50+ independent user accounts, and flexible TRAID arrays, saving 30% more storage space than traditional RAID while ensuring data redundancy. SPC security module and CloudSync (supporting Google Drive, OneDrive, Dropbox) guarantee worry-free data protection. Additionally, TerraSync enables two-way sync between the F2-425 and PCs/Macs.
- ✓ Cloud Sync Integration: Seamlessly connect your cloud drives to TNAS with TerraMaster CloudSync, enabling two-way synchronization between cloud and NAS storage. CloudSync consolidates multiple mainstream cloud services in one app, including Google Drive, OneDrive, Amazon S3, Dropbox, Baidu Cloud, and Alibaba Cloud.

Aprašymas

F2-425 Ultra Performance

Powerful Intel x86 Performance for Home & Multimedia: The F2-425 network attached storage features an Intel x86 quad-core processor, 4GB RAM, and a 2.5GbE port, delivering robust 4K video transcoding and smooth multimedia streaming.

All-New TOS 7

Once again challenging new heights of friendliness and aesthetics! Hundreds of engineers, More than 300 days, fully dedicated to building the all-new TOS 7 system. Compared to the previous system, 90% of the icons have been redesigned, over 50 new features have been added, and more than 1000 details have been optimized. The refreshed colors and new visual language are not only refreshing but also meet your needs in broader application scenarios.

Family Data Hub

Scalable 60TB Family Hub: Centralize photos, media libraries, and backups—streams seamlessly to TVs and streaming devices.
Safely centralize data from all your devices—Windows, Mac, mobile, drives, and cloud—into TNAS. Protect against hardware failures, ransomware, and disasters with single-platform management.

AI Photo Management With Local Privacy

The F2-425 uses on-device AI to auto-organize photos by faces, pets, objects, and scenes—no cloud needed.
Supports JPG/HEIC/PNG+ with secure TNAS Mobile sharing (expiry controls, download limits, passwords).

TNAS Mobile: Your All-in-One Solution

TNAS Mobile combines auto photo backup, AI organization, user/storage controls, secure vaults, and admin tools—delivering seamless remote access.
Share memories confidently with granular controls: custom rules, expirations, access limits, and military-grade security for one-tap worry-free sharing.

Mobile Photo Backup

This all-in-one app combines automatic photo backup, AI-powered photo organization, user management, storage control, personal/team folders, secure vaults, and admin tools—delivering seamless remote access and mobile productivity.

Granular Sharing Control in TNAS Mobile

Share precious memories with confidence through TNAS Mobile's granular controls—customizable share names, expiration dates, access limits, download permissions, and optional password protection—all secured with multi-layered security for worry-free, one-tap personalized sharing.

Seamless Remote Access

Access files anywhere, anytime—powered by TNAS.online's global network. Enjoy stable transfers and effortless connectivity in any network environment, zero setup required.

Home Multimedia Center

As a powerful home media server, the F2-425 boasts exceptional 4K hardware decoding with uPnP/DLNA support. Stream seamlessly to phones, tablets, and TV platforms (Roku/Apple TV/Chromecast/Fire TV/smart TVs) via TerraMaster's Media Server or apps like Plex/Emby—delivering uninterrupted viewing pleasure.

User-Friendly NAS System: All-in-One Solution

The F2-425 includes TerraMaster's free TOS 6 OS—a web-based system designed exclusively for their NAS. Configure everything through an intuitive browser interface, no command lines needed. TOS 6 delivers 40+ new features and 370+ refinements with a complete redesign, enhanced security for stronger data protection, and optimized performance for agile task processing—offering TNAS users an unparalleled upgrade experience.

Direct Drive Mounting & Seamless Cloud Storage Integration

TOS 6's Direct Mount revolutionizes storage expansion: Simply hot-swap pre-used drives with existing data into your TNAS—no reformatting or data loss required. Instantly access content over the network while seamlessly migrating, expanding storage, or repurposing old drives.

Rich Multimedia Applications
TerraMaster App Center: Your Free Productivity Hub.
Download powerful tools like Aria2, qBittorrent, and Transmission for high-speed file transfers and media downloads. Enhance your multimedia experience with apps including Media Server, Plex, Emby, Terra Photos, and iTunes Server—simplifying management, sharing, and playback of home videos, photos, and music.

Surveillance Manager

TerraMaster's proprietary Surveillance Manager enables you to create a complete video surveillance system by connecting multiple ONVIF-compliant IP cameras to your TNAS. This integrated solution provides centralized camera management, live viewing, historical playback, and automatic storage of all recordings to designated TNAS locations - all through an intuitive unified interface.

Easy to swap hard drives

The F2-425 features a tool-less drive tray design, allowing effortless hard drive installation and removal without any tools.
It incorporates innovative Push-lock mechanism—automatically locking the drive in place upon insertion to prevent disconnection or accidental falls.
Swapping a hard drive takes less than 10 seconds, providing exceptional convenience for users who frequently need to replace drives or transfer data.

Techninė specifikacija

Storage	
Storage drives installed	No
Total installed storage capacity	0 TB
Number of storage drives installed	0
Number of storage drives supported	2
Installed storage drive type	No
Supported storage drive types	HDD & SSD

Storage drive capacity	0 GB
Storage drive interface	Serial ATA
RAID support	Yes
Maximum supported storage capacity	60 TB
Hot-swap drive bays	Yes
Supported file systems	FAT32, BTRFS, HFS+, NTFS, ext3, ext4

Processor

Processor family	Intel® Celeron®
Processor manufacturer	Intel
Processor model	N5095
Processor frequency	2 GHz
Processor boost frequency	2.9 GHz
Processor cores	4

Memory

Internal memory	4 GB
Internal memory type	DDR4
Maximum RAM supported	16 GB
Memory form factor	SO-DIMM

Network

Ethernet LAN	Yes
Ethernet LAN data rates	2500 Mbit/s
iSCSI support	Yes
Link aggregation	Yes
Dynamic DNS (DDNS)	Yes

Ports & interfaces

Ethernet LAN (RJ-45) ports	1
USB port	Yes
USB 3.2 Gen 1 (3.1 Gen 1) Type-A ports quantity	1
USB 3.2 Gen 2 (3.1 Gen 2) Type-A ports quantity	2
HDMI ports quantity	1

Design

Chassis type	Desktop
Cooling type	Active
Product colour	Black

Number of fans	1 fan(s)
Fan diameter	8 cm
Performance	
Type	NAS
Device class	Home & Home Office
Backup function	Yes
Noise level	19 dB
Power	
Power consumption (typical)	48 W
AC input voltage	100 - 240 V
AC input frequency	50/60 Hz
Weight & dimensions	
Width	119 mm
Depth	154 mm
Height	222 mm
Weight	1.5 kg
Matmenys ir svoris	
Matmenys (I × P × A)	25,00cm × 25,00cm × 17,00cm
Svoris	2,52kg
