The Iiyama ProLite XUB3293UHSN-B5 is a high-performance 32-inch 4K Ultra HD (3840 x 2160) monitor designed for professionals seeking maximum efficiency and uncompromising image quality. Featuring an advanced IPS panel, this display delivers highly accurate, natural colors (99% sRGB) and wide 178° viewing angles, ensuring consistent visual fidelity for graphic design, data analysis, and detailed work.

Seamless Connectivity and Efficiency with USB-C and KVM

Maximize your workspace productivity with the integrated USB-C dock. A single cable connection to your notebook handles video signal transfer, network access (via the built-in Ethernet port), and simultaneously charges your device with 65W Power Delivery (PD). This results in a clean, cable-free desk setup.

The built-in KVM switch is a game-changer for multi-system users, allowing you to control two connected computers using a single keyboard, mouse, and the ProLite XUB3293UHSN-B5 monitor itself. Simply switch between sources for efficient multitasking across different devices.

Key Specifications and Features:

- **Display Quality:** 32-inch diagonal (31.5"), 4K UHD resolution (3840 x 2160) at 60 Hz.
- **Panel Technology:** IPS panel ensuring excellent color reproduction (1.07 billion colors, 99% sRGB) and wide viewing stability.
- **Integrated Docking Station:** USB-C connectivity with 65 Watt Power Delivery and built-in Ethernet (LAN) for instant network access.
- **KVM Switch:** Operate multiple computers seamlessly using one peripheral set.
- **Ergonomics:** Fully adjustable stand featuring 15 cm height adjustment, swivel, and tilt for optimal viewing comfort.
- **Response Time & Contrast:** Fast 4 ms (GtG) response time and 1000:1 native contrast ratio (80,000,000:1 dynamic).

Iiyama is a global leader in high-quality display technology, known for producing reliable, feature-rich monitors for demanding professional and commercial environments. Their ProLite series focuses on ergonomics, performance, and advanced connectivity solutions.

Equipped with the KVM switch, the XUB3293UHSN allows you to connect multiple computers that can be operated over one console (monitor, keyboard, mouse). The USB-C dock provides a clean and practical workspace by using a single cable to both send the signal from your notebook to your monitor and power and charge the notebook from the monitor. Additionally, if your monitor is connected to the Internet with a LAN cable, your notebook will automatically be connected to the network as well. IPS panel guarantees wide viewing angles and natural, highly accurate colours.

Equipped with the KVM switch, the XUB3293UHSN allows you to connect multiple computers that can be operated over one console (monitor, keyboard, mouse).
