The iiyama ProLite XUB2395WSU-B5 is engineered for professionals and data-heavy environments, offering superior screen real estate for maximum productivity. Featuring a 22.5-inch IPS panel with WUXGA resolution (1920 x 1200 pixels) and a beneficial 16:10 aspect ratio, this monitor provides 11% more vertical height compared to standard Full HD displays. This extra height is invaluable when working with spreadsheets, word documents, and extensive web browsing, significantly reducing scrolling and improving overall workflow efficiency.

Enhanced Viewing and Ergonomics

Equipped with advanced IPS panel technology, the ProLite XUB2395WSU-B5 ensures accurate and consistent color reproduction across wide 178° viewing angles, making it perfect for collaboration and detailed visual work. The display surface is matt, which effectively minimizes reflections and helps reduce eye strain during long working sessions. The highly versatile, height adjustable stand features a PIVOT function, allowing the screen to be easily rotated 90 degrees for comfortable vertical (portrait) viewing.

Key Features for Professional Environments:

- WUXGA Resolution (1920 x 1200): Provides 11% greater vertical workspace for enhanced document viewing and efficient data management.
- IPS Panel Technology: Delivers accurate and consistent colors with extremely wide 178°/178° viewing angles.
- Ergonomic Flexibility: Includes a height-adjustable stand and PIVOT function for custom monitor positioning.
- Fast Response Time: A 4 ms response time ensures smooth visuals and clear content playback.
- Connectivity and Audio: Features a built-in USB 2.0 hub and integrated speakers for a streamlined, clutter-free desk setup.
- VESA Mounting Support: Provides flexibility for alternative mounting solutions like wall or desk arms.

Iiyama is a globally recognized manufacturer known for producing high-quality, reliable, and performance-driven display solutions tailored for demanding professional and gaming markets.

Order the ProLite XUB2395WSU-B5 today from ++SHOP++ and experience the benefits of an optimized WUXGA workspace.

The demanding data and application-heavy world needs a display that creates a more productive work place. With 1920 x 1200 resolution, the XUB2395WSU offers 11% more height with the same width as a Full HD display, which works much better for spreadsheets, word documents and browsing the Internet. The height adjustable stand with PIVOT function allows you to easily adjust the monitor position to your preferences and the IPS panel technology assures accurate and consistent colour reproduction with wide viewing angles.
