Beyond standard office work, the 27E1N1200A offers enhanced performance with a smooth 120Hz refresh rate and an impressive 1ms MPRT (Moving Picture Response Time). This combination ensures sharp, clear motion rendering, minimizing ghosting and blur during fast-moving video or light gaming sessions. Furthermore, the inclusion of LowBlue mode helps protect your eyes during extended use.

Key Features and Visual Benefits:

- **27-inch Full HD (1920 x 1080) Display:** Provides detailed and crystal-clear imagery essential for comfortable viewing and efficiency.
- **IPS LED Wide View Technology:** Guarantees exceptional image quality, accurate color representation, and wide viewing angles (178° vertical and horizontal).
- **High Refresh Rate and Response Time:** Features a fast 120Hz refresh rate and 1ms MPRT response time for superior motion smoothness. (Standard GtG response time is 4 ms).
- **LowBlue Mode:** Specialized setting designed to reduce potentially harmful shortwave blue light, minimizing eye strain.
- **Built-in Audio:** Equipped with integrated speaker(s) for convenient multimedia consumption without requiring external peripherals.
- **VESA Mounting Support:** Offers flexible setup options allowing the monitor to be easily mounted to a desk arm or wall bracket.

PHILIPS is a globally recognized technology leader known for innovation, high quality, and commitment to improving lifestyle and health through meaningful, reliable products.

Order this high-performance Full HD Philips monitor today from ++SHOP++ and benefit from competitive pricing and reliable service.

Experience productivity in Full HD. This monitor is equipped with essentials for the workplace, such as LowBlue mode to protect the eyes, IPS LED wide view technology for high-quality imagery, and 1ms MPRT for sharp visuals.
