The iiyama ProLite XCB3497WQSNP-B1 is a premium 34-inch UltraWide Quad HD (UWQHD, 3440 x 1440) curved monitor designed to revolutionize your workspace. Combining high performance visuals with superior connectivity solutions, this display is perfect for professionals, multitaskers, and content creators seeking efficiency and immersion.

Featuring a high-quality VA panel, the monitor delivers exceptional color depth, wide 178° viewing angles, and deep black levels, ensuring rich and vivid imagery across the vast 21:9 screen. With a rapid 120Hz refresh rate and an incredibly fast 0.4ms response time, motion blur is minimized, making it suitable even for fast-paced media consumption and light gaming.

Seamless Multitasking with Integrated KVM Switch and USB-C Dock

Simplify your setup and enhance productivity with the integrated KVM switch and sophisticated USB-C docking station. The KVM (Keyboard, Video, Mouse) switch allows you to effortlessly control multiple computers using a single peripheral set connected directly to the monitor, saving space and streamlining workflow.

- **USB-C Docking:** Connect your notebook using a single USB-C cable to simultaneously transmit video, data, and power, charging your device while eliminating cable clutter.
- **Integrated LAN Connectivity:** When connected to a local network, the monitor provides immediate network access to your notebook via the USB-C connection, ensuring fast and reliable internet access without extra adapters.
- **KVM Functionality:** Control and switch between two different PCs using one keyboard, mouse, and monitor setup.

Enhanced Visual Quality and Ergonomics

The 1500R curvature of the display provides an immersive viewing experience, bringing the edges closer to your natural field of view. To ensure maximum viewing comfort during long working sessions, this ProLite model includes advanced features designed to reduce eye strain.

- **UWQHD Resolution (3440x1440):** Provides vast screen real estate, equivalent to having two standard monitors side-by-side without the bezel.
- **VA Panel Technology:** Guarantees superb contrast, deep blacks, and consistent image quality from any angle.

- **Ergonomic Stand:** The robust stand offers 15 cm of height adjustment, allowing you to easily customize the screen position for optimal personal comfort.
- **Flicker-Free and Blue Light Reduction:** These technologies work together to minimize eye fatigue and strain caused by screen usage over extended periods.

IYAMA is a globally recognized manufacturer known for producing high-quality monitors characterized by excellent performance, reliability, and ergonomic design, catering to both professional and high-demand consumer markets.

Order the iiyama ProLite XCB3497WQSNP-B1 today from ++SHOP++ and experience the perfect blend of performance and professional connectivity.

The XCB3497WQSNP is a 34-inch curved monitor that incorporates a KVM switch and a USB-C dock to simplify your workspace. The KVM switch enhances multitasking by allowing you to control multiple computers from a single monitor, keyboard, and mouse. The USB-C dock reduces cable clutter and simplifies connectivity even further, allowing a single cable to carry video, data, and power to charge your notebook. Additionally, when the monitor is connected to a LAN network, your notebook automatically gains network access. The VA panel technology delivers high contrast and deep black levels and wide viewing angles for consistent image quality regardless of your position for a richer and more vivid viewing experience. For optimal comfort, the 15cm height-adjustable stand allows you to customize the screen position, while the Flicker-Free panel and Blue Light reduction function help minimize eye strain.
