Durability Your Business Can Count On

We test ThinkPad laptops against MIL-STD-810H standards for a balance of reliability and durability. Meeting or exceeding 12 standards, 26 procedures, and 200+ quality checks ensures these devices run in extreme conditions, including harsh variables like Arctic wilderness, desert dust storms, extreme temps, pressure, vibration, and more.

CREDIBILITY & COLLABORATION

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.
