Experience gaming and media playback without lag or motion blur. The 24B36X is engineered for speed, ensuring you stay competitive and entertained.

- **144Hz Refresh Rate:** Provides extremely smooth motion clarity, crucial for fast-moving content and competitive gaming.
- **0.5ms MPRT Response Time:** Minimizes ghosting and blurring, delivering crystal-clear images even during rapid movements. (Standard response time is 4 ms).
- **Adaptive Sync (VRR):** Synchronizes the display refresh rate with your GPU's frame rate, effectively eliminating screen tearing and stuttering for truly fluid gameplay.
- **Connectivity:** Equipped with HDMI 1.4 and DisplayPort 1.4 inputs for versatile device connection.

Stunning IPS Visuals and User Comfort

The IPS panel technology provides excellent color accuracy and deep contrast. Furthermore, the monitor integrates technology focused on protecting your eyesight during long periods of use.

- **Full HD IPS Panel:** Enjoy accurate, bright colors and detailed 1920 x 1080 resolution across the expansive 23.8-inch screen.
- **HDR10 Support:** Enhances contrast and color depth, revealing superior detail in both the brightest and darkest areas of the screen.
- **Low Blue Light Technology:** Reduces harmful blue light emissions, helping to minimize eye strain during extended working sessions or late-night gaming.
- **VESA Mounting Support:** Allows easy installation onto monitor arms or wall mounts for an optimized ergonomic setup.

AOC (Admiral Overseas Corporation) is a leading global brand specializing in high-quality display technology, known for producing innovative and performance-driven monitors for professional, gaming, and everyday use.
