Logitech G923 is a high-performance racing wheel that revolutionizes the racing experience. Re-engineered to support a game-changing feedback system, G923 features TRUEFORCE, next-generation force feedback that dials into game physics to deliver higher fidelity realism. Feel the pistons pumping, the gravel crunching, and every shift, drift, and hairpin turn like never before.

An all-new progressive brake pedal recreates pressure-sensitive brake system, while a programmable dual-clutch system simulates a real race car launch assist in supported games. Get more traction with less smoke.

A streamlined design features integrated controls for better performance, with a built-in 24-point selection dial, full console controls, and the classic RPM LED display for supported games.
