From sports to shooters and anything in between, the Logitech® Gamepad F310 brings a familiar console-style experience to your PC with support for the broadest number of games. Profiler software lets you customize your gamepad with keyboard and mouse inputs.* A classic controller design lets you focus on the game. The unique floating design of the D-pad makes it responsive to quick changes in direction. And rubber grips make game play extra comfortable.

* Requires software installation.

- With its broad game support, the Logitech Gamepad F310 is easy to set up and use with your favourite games – from old standbys to today's biggest titles.
- Profiler software allows the gamepad to be programmed to perform keyboard and mouse commands for games without gamepad support.

- A familiar control layout that doesn't require a learning curve to be able to use, with all the same buttons as on an Xbox 360.
- The unique floating D-pad rests on four switches – instead of a single pivot point – making it responsive to quick changes in direction.
- The 1.8-metre (6-foot) cord lets you lean back and play a comfortable distance from your PC monitor.
