Lenovo ThinkCentre Tiny-In-One (TIO) 24 Gen 5

Professional Monitor

The Lenovo ThinkCentre Tiny-In-One (TIO) 24 Gen 5 is engineered for modern professional environments, offering unparalleled integration and collaboration tools in a single, streamlined device. Featuring a crisp 23.8-inch Full HD (19920x1080) IPS panel, this monitor delivers stunning visuals with 99% sRGB color accuracy. Beyond its visual capabilities, the TIO 24 Gen 5 transforms your desk into a highly efficient, cable-free workstation by incorporating modular docking capabilities for Lenovo ThinkCentre and ThinkStation Tiny PCs (4th Gen and later).

Modular & Clutter-Free Design

Achieve maximum desk efficiency with the innovative Tiny-In-One concept. The dedicated slot at the rear of the monitor allows you to effortlessly install and house compatible Lenovo Tiny computers. This seamless integration eliminates cable clutter and streamlines deployment, providing a clean and organized workspace.

- **Tiny PC Compatibility:** Dedicated slot for quick mounting of ThinkCentre and ThinkStation Tiny PCs (4th Gen+).
- **Cable Management:** Eliminates desktop clutter by housing the computer directly inside the monitor structure.
- **Full Ergonomics:** Adjustable stand supporting height, pivot (rotation), swivel, and tilt for personalized viewing comfort.
- **KVM Switch:** Allows control of multiple connected devices using a single set of peripherals (keyboard, video, mouse).

Optimized for VoIP and Remote Collaboration

Designed specifically for efficient remote collaboration and meetings, the TIO 24 Gen 5 comes equipped with advanced integrated Voice over IP (VoIP) features, ensuring crystal-clear communication every time.

- **High-Definition Webcam:** Integrated 1080p RGB camera for sharp, clear video conferencing.

- **Integrated Audio:** Dual 3W user-facing speakers deliver fidelity audio quality for meetings.
- **Noise-Cancellation Microphone:** Ensures your voice is heard clearly, minimizing background distractions.
- **Dedicated VoIP Controls:** Easy-access buttons for instantly muting the microphone or adjusting volume.
- **Smart Traffic Light Indicator:** Visually indicates meeting status to prevent interruptions.
- **ThinkShutter Privacy:** Physical webcam cover for enhanced security and privacy when the camera is not in use.

Superior Viewing Experience and Eye Comfort

The 23.8-inch IPS panel provides wide 178-degree viewing angles and high color consistency (99% sRGB). Furthermore, prolonged use is made comfortable thanks to professional eye-safety certifications like TUV Rheinland.

- Panel Type: 23.8" IPS (In-Plane Switching) with anti-glare coating.
- Resolution: Full HD 1920 x 1080 (16:9 aspect ratio).
- Color Accuracy: 99% sRGB color gamut support (16.7 million colors).
- Response Time: Fast 4 ms (extreme mode) / 6 ms (typical).
- Eye Protection: Natural Low Blue Light technology (hardware solution) certified by TUV Rheinland, reducing eye strain without distorting color output.
- Connectivity: HDMI, DisplayPort, and integrated USB 3.2 Gen 1 hub.

LENOVO is a global technology leader known for innovation, reliable ThinkPad, ThinkCentre, and professional display solutions that maximize productivity and security in the modern workplace.

Order the Lenovo Tiny-In-One 24 Gen 5 monitor today from ++SHOP++ and redefine your professional desktop setup with integrated efficiency and advanced collaboration tools.

Unparalleled collaboration. Quick installation.

The ThinkCentre Tiny-In-One (TIO) 24 Gen 5 displays visuals and video content with great clarity on the 23.8-inch borderless In-Plane Switching FHD panel with 99% sRGB color support. It provides a complete working experience when paired with its VoIP features, a modular design which allows it to be attached with Lenovo's range of high-performance ThinkCentre and ThinkStation Tiny Computers

from 4th Gen. These can be effortlessly installed and housed in the dedicated slot at the back of the monitor, giving you a cable-free desk. Enjoy a consistent experience while using the classic installation mechanism to quickly and easily mount Tiny PCs to the monitor. Designed for efficient remote collaboration, it has a 1080p RGB webcam with a noise-cancellation microphone for crystal-clear audio and video. Besides that, the Smart Traffic Light indicator indicates the status of an ongoing interaction or meeting, helping you avoid unforeseen distractions. Two integrated 3W user-facing speakers play the audio with amazing fidelity, making attending meetings a much more pleasant experience. Dedicated VoIP buttons allow you to easily mute or change the volume, making your remote meeting experience much more convenient. User-centric features like ThinkShutter allow you to cover your webcam lens for enhanced privacy and security. Recyclable packaging and optional CO2 offset service for minimal carbon emission footprint make this monitor environment-friendly. In addition to the Tiny PCs, you can also connect other laptops or towers using the HDMI and DP ports, and peripherals using the USB ports. The monitor's Natural Low Blue Light technology works to reduce the harmful blue light without any color distortion during long working hours. Customize your workstation and easily adjust its various settings using the ThinkColour Software¹. In a nutshell, the TIO 24 Gen 5 helps you get a clean, clutter-free desk, collaborate seamlessly and multitask efficiently to maximize productivity.
