- **Auto EcoView:** Automatically adjusts screen brightness to match ambient lighting, reducing glare and eye strain.
- **Versatile Connectivity:** Equipped with four inputs for digital and analog signals, a USB hub, and headphone/audio connections.
- **Compact Design:** The thin bezel design makes it ideal for multi-monitor setups, maximizing your workspace.
- **Screen InStyle Software:** Simplifies operation via computer or network, complementing the on-screen menu.

EIZO is a company known for manufacturing high-quality display solutions, prioritizing user comfort and visual performance. Their monitors are designed to meet the demands of modern work environments, offering both functionality and ergonomic benefits.

Order today from ++SHOP++ as we offer the best prices and fast shipping.

The FlexScan EV2410R impresses as a flexible all-rounder and is ideal for the classic office workstation. Energy-saving, eyefriendly and ergonomic, it is an indispensable helper on any desk and enables efficient working. Equipped with an IPS panel, it has a horizontal and vertical viewing angle of 178° and a resolution of 1920 x 1200 pixels. The low-reflection surface, brightness and contrast ensure a detailed and excellent image reproduction. Auto EcoView automatically adjusts the brightness to the ambient light to avoid glare and protect the eyes. Four inputs for digital and analog signals, a USB hub and headphone and audio connections ensure versatile connectivity. Thanks to the thin housing edge, the monitor has a very compact appearance and is particularly suitable for multi-screen operation. In addition to the on-screen menu, the accompanying Screen InStyle software enables easy operation via computer or network.
