Aprašymas

DJI RC Plus 2 Enterprise Enhanced

High-bright display. IP54 protection rating. O4 Enterprise video transmission. Support for both SDR and 4G hybrid transmission.

DJI RC Plus 2 Enterprise is equipped with a new high-bright display, ensuring clear visibility even under strong sunlight. The controller has an IP54 protection rating and operates in temperatures from -20°C to 50°C (-4°F to 122°F). With the powerful O4 Enterprise video transmission, a built-in high-gain antenna array, and support for both SDR and 4G hybrid transmission, it provides a stable and smooth video feed in both urban and mountainous environments.
